Family Handbook

Notice of Your Rights & Responsibilities

A valuable resource for parents and students

Superintendent's Welcome

Dear Sunnyvale Family:

Welcome to the Sunnyvale School District! Whether your child is a returning student or your family is joining us for the first time, we are happy to have you as a part of our district and grateful for the opportunity to serve your children. We hope this will be a wonderful year of growth for your young learners.

Please take a few minutes to review the Family Handbook. It is designed to provide families an overview of our foundational policies — those designed to keep children safe and classrooms productive. You will see that it articulates student rights and responsibilities, outlines policies for attendance and safety, and touches on legal requirements: information that is important for all district families.

It also discusses communication, which we view as critically important. We invite you to connect with your child's classroom teachers at any time throughout the year with questions or concerns, or simply to share your children's success stories — of which we know there will be many. Partnering in this way can ensure the best opportunities for students by supporting them as they discover their talents, make friends, and enjoy social, emotional, and academic growth.

Once you have reviewed the handbook, please review and sign the forms at the end, and return them to your school's front office. We encourage you to keep the handbook as a reference, though it is also always available through our website at www.sesd.org. If you have any questions, please call our Communications Coordinator Alia Wilson at (408) 522-8200 ext. 1084.

Again, thank you for being a valued part of our learning community! We wish you a wonderful school year.

Sincerely,

Michael Gallagher, Ed.D , Superintendent

Our Promise

Every student is known by name, strength and need, ready to excel in high school and beyond, and to lead a life of joy and purpose.

ENCOURAGING FAMILY INVOLVEMENT IN SCHOOLS

Family involvement is simply being involved in your child’s life and education. It ranges from important routines like checking their backpack and making sure they read for 20 minutes every day. Help them create a quiet, distraction-free place for homework. Make sure they do their homework. Turn the TV off, sit at the table, and talk over dinner. Ask them about the challenging and positive parts of the day.

One of the best ways for parents to be involved in their child’s education is to communicate regularly with teachers. Communicate with your teacher the successes and challenges you see at home around learning. Consistently check in about homework and school projects, making them a top priority in their schedule. As you foster after-school activities such as sports and extracurricular activities consider how to model to them how important education is.

Another way parents and family members can be involved is to volunteer at the school by helping in the workroom with copying papers and other tasks for teachers, reading with students who can benefit from one-on-one help, helping with fundraisers like Walkathons, and assisting with extracurricular activities.

The end result is that when parents volunteer at school, their children’s grades tend to increase, their behavioral issues tend to decrease, and they have a more positive attitude toward school and learning. Please contact your school for more information about parental involvement or volunteering.

Parent/Guardian & Student – Other Rights and Responsibilities

To promote a safe and secure environment it is necessary for all students to obey classroom and school rules. Students are expected to participate in class activities without disrupting others. Consistent plans for positive consequences for appropriate student behavior will help establish a positive

As the parent of a student you have many rights and responsibilities. We urge you to read this information.

Teachers build your child’s education one day at a time, so every day is essential. Promotion or even graduation can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.

Visiting Campus

Entering the school campus without authorization from a school official is strictly prohibited, and is considered trespassing. Violators will be reported to the Police Department or School Resource Officer.

Protocol for Visitors at School

All visitors, including parents, must check in at the school office. In order to maintain the least amount of disruption during the school day, the following are required for visitors:

- Visitors must have a valid photo identification

- Visitors are asked to check in with the school office and obtain a visitor's badge
- Visitors are not permitted in classrooms without direct approval of an administrator and the teacher
- Visitors may be asked to wait in designated office area to meet teachers or counselors for a conference
- Former students may not visit teachers during the school day unless prior permission has been obtained

Visits to Classrooms

Parents and caretakers are welcome and encouraged to visit their student's classrooms. We do require that you make an appointment through the school office before visiting any classroom as District policy and the State law requires that all visitors report to the school office in order to secure a visitor's pass. It is also important that you sign out when leaving. Please follow the procedure of signing in/out to ensure everyone's safety. No student visitors will be permitted on campus during school hours. ENROLLMENT AND ATTENDANCE

Every day counts in a child's education. Every day a student is in school, he/she learns more about responsibility and achievement. It is important that your child takes advantage of every opportunity to learn in order to be successful. This can only happen when your child is in class every day and ready to learn when class begins. Being tardy is disruptive to the whole class as well as to your student. Make sure your child stays home only when he or she is sick and family vacations are taken.

≡ Enrollment

1. Enrollment is at your home school site when school is in session. At the time of enrollment, parents/guardians must provide all proofs of residence; proof of immunizations recorded on an original yellow California immunization card or medical printout. Proof of a U.S. given TB skin test taken within 12 months of registration, or a TB Risk Assessment Form (MD signed in USA). An original birth certificate if born in U.S.A. A translated birth certificate or passport if born out of the U.S.A. All records and proofs should be originals.
2. In order to be enrolled in kindergarten, a student must be 5 years old on or before September 2nd. Students who turn 5 between September 2 and June 2 are age eligible for entry into Transitional Kindergarten.
3. Prior to first grade entry, all students are required to have proof of a physical examination (CHDP). ¹
4. Prior to kindergarten or first grade students are required to have proof of an oral health assessment.
5. A delay in enrollment will result if proofs of residence and required immunizations are incomplete.
6. Middle school students must have a Tdap booster before 7th grade.
7. A class list with your student's name and teacher assignment will be posted in the school site office window the day before school begins. Students with unresolved returned mail, out of date Affidavit of Residency or lapsed transfers will not be given class assignments.
8. We are unable to reserve classroom space. Students who were previously registered but miss the first three days of school will be considered "no-shows," and disenrolled on the fourth day of school. Parents will need to register again. Placement at the home school is not guaranteed.
9. Students who are ill on the first day of school must have a doctor's note excusing their absence. A

¹ With the sunseting of the CHDP (Child Health and Disability Prevention Program), these requirements will be adjusted.

parent/guardian must call the school on the first day of school if their student is too ill to attend. In order to protect your student from a “no-show” disenrollment and losing their classroom placement, please call every day, and bring in a doctor’s note as well as a parent’s note by the third day of school.

Affidavits and Proof of Residency

Please be aware that P.O. Boxes and business addresses do not meet residency requirements. A student may only have one address at a time and must live in the Sunnyvale School District full-time. The same is true for shared custody; only one address may be used to determine residency. The student must live/sleep within the district the majority (over 50%) of the time. A family must live in the district and occupy the address they are claiming at the time of enrollment.

1. All students attending the Sunnyvale School District will be asked to prove residency in the district unless they are attending school on an approved Interdistrict Transfer agreement. Residency is defined as a student living over 50% of the time at an address within district boundaries. The district will investigate if a student’s residency comes into question. Parents/legal guardians will be notified prior to the district conducting an address investigation.
2. The only residency exception will be in cases of shared child custody. Court papers defining the custody as well as a parent/legal guardian providing a calendar of the days the student will be residing in the Sunnyvale School District must be provided. The parent with the majority of custodial care will determine the address used by the school district.

Yearly proof of residency is required as well as yearly renewals for all Affidavit type documents. To meet residence requirements parents/legal guardians need four original and current documents:

- California Driver’s License or California ID with the correct, current address. A DMV computer printout of your new address along with your (non-expired) CDL or California ID is acceptable.
 - Income Tax records (The most current State or Federal).
 - Monthly mortgage coupon or latest property tax bill, or rental agreement with a manager/owner’s phone number or monthly space rental receipt for mobile home parks.
 - A current utility bill (PG&E, Cable, water) issued within the last 45 days.
3. Affidavits of Residency: Used when a student’s family is living in shared housing with a primary resident. Four current and original proofs of residence are required from both the parent/guardian and the primary resident. Both parties must appear together at least one time while filing an Affidavit at the district office. The primary resident’s statement that the student’s family lives at the primaries’ residence is sworn to before a representative of the court by having his/her signature notarized.
 4. Families without a permanent address are asked to support their residency claims. This may be done by confirmation from a social worker or agency, nightly shelter, or motel/ hotel room receipts. The McKinney Vento Act stipulates a student who has a temporary address due to economic hardship does not have to produce proofs of residency in order to enroll in school. However, once enrolled, confirmation of residency will be required and what proof is needed will be determined on a case-by-case basis by the Director of Student Information within 45 days of starting school. TB, immunizations, and birth certificate are still required. provide the required four proofs of residency. A Caregiver Affidavit may not be used for childcare providers or for students who reside out of the Sunnyvale School District boundaries. Students must live with the guardian, full time, within the Sunnyvale School District attendance area.
 5. A Caregiver Affidavit is a district document identifying a student’s full-time legal guardian. Both the Caregiver’s Affidavit and the parent’s release of responsibility statement should be notarized. The full-

time caregiver becomes responsible for all medical and educational decisions. The caregiver must be a district resident who can All Affidavits grant permission for a resident verification officer to confirm addresses through observation or inquiry. Confirmation of a student having moved or never lived in the district will result in disenrollment. If it is determined that false information was given to secure or to determine residency, the student will be disenrolled within five school days.

6. Students who move during the school year will be given an opportunity to complete the school year through an approved Interdistrict (moving out of district) or Intradistrict (moving within the district) Transfer. Parents/guardians who tell the school of their move will be given preference through a transfer to complete the school year provided a resident student is not being displaced or there is sufficient space throughout the district in the requested grade. In the event of an emergency, it is vital that current information is on file for your student's safety.

≡ Attendance Options

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Districts may allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are given preference in intra- and inter-district transfers. In some cases, the district must provide transportation. Students attending "persistently dangerous" schools can transfer and enroll in a safe school. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. [EC 46600, 48204, 48204.7, 48206.3, 48300, 48301, 48306, 48853.5, 48980, 49068, 51101; 20 USC 7912]

I. Intradistrict Open Enrollment:

Open Enrollment is a request for a transfer from your school of residence, based on your address, to another Sunnyvale district school outside of your attendance area or to a program of choice. The Superintendent can declare any school too impacted to accept Open Enrollment applications. Open Enrollment is not necessary for students who are registered and wish to attend their resident school. Only Open Enrollment requests submitted during the application period during the first 10 school days in February will be processed completely for approval or denial in the first lottery drawing. Requests submitted after the February deadline will be denied if there is no space, or placed in a second lottery to be held before the end of the school year.

All transfer requests should be made on an "Open Enrollment Request" form available at all schools, district office, or online. All students must live in the Sunnyvale School District and have completed registration at their resident school for a grade they will attend in the next school year. There is no guarantee of placement; Open Enrollment is a random, unbiased selection process that identifies, if available, space for transfer students after space has been allocated for resident students.

Applicants will be notified of their lottery number. Transfers are based on available space and student priority in the requested grade and school. Available openings will be filled in lottery order after seats are reserved for neighborhood students. Parents/guardians applying for a change of school will be notified as soon as practical, but notification may be as late as August at the beginning school year after available space is determined.

Once enrolled, a student on an approved open enrollment transfer will not be required to reapply for admission to the school or program of choice. The student, however, may be subject to displacement due to excessive residential enrollment. Transportation is not provided for a student who is attending a school

or program of choice through Open Enrollment. Please note that poor attendance, which is considered to be six (6) or more tardies or ten (10) or more unexcused absences, may result in the cancellation of an Open Enrollment transfer and return to their resident school. If a transfer is denied because there was no available space; applicants may reapply during the next Open Enrollment period, to be considered for the same or another school of choice.

Please note that a student on an Open Enrollment transfer is expected to attend the middle school assigned to the neighborhood attendance area determined by the student's address. Assignment to an elementary school of choice does not change your middle school destination unless you are successfully selected through Open Enrollment for a middle school out of your attendance area.

A move within the district that changes your school attendance area also changes your student's enrollment priority to the date that you provided proof of your move to a district staff employee. This becomes your new registration date, replacing any previous date. [EC 200, 35160.5, 35291, 35351, 46600-46611, 48200, 48204, 48300-48316, 48980; 5 CCR 11992-11994; 20 USC 6311, 6313, 7912; BP 5116.1]

2. Interdistrict Attendance:

The Governing Board recognizes that parents/guardians of students who reside within the geographic boundaries of one district may, for a variety of reasons, desire to enroll their children in a school in another district.

Because of overcrowding within district schools and limited district resources, the Board discourages transfers into the district and will consider approving such transfers only on a case-by-case basis through an interdistrict attendance agreement.

1. Students who are currently enrolled in our schools as of January 1 but who move outside our district attendance boundaries will be only allowed to complete the school year in which they are enrolled. Students are expected to enroll in their home school district for the subsequent and future years.
2. Students who are enrolled in the highest grade of middle school, who moved out of district, may be permitted to complete their last year at the middle school of enrollment if the school has not been determined to have an impacted enrollment.
3. Children of employees of the Sunnyvale School District employed at least twenty (20) hours per week or of employees of the Fremont High School District employed at least (20) hours per week will be permitted to attend on an interdistrict transfer agreement provided all other conditions are met and space is available at the time of enrollment. If employment ends, students who are currently enrolled in our schools as of January 1 will be allowed to complete the school year in which they are enrolled. Students are expected to enroll in their home school district for the subsequent and future years.
4. All other initial requests for an Interdistrict Attendance Permit will be approved or denied based upon the availability of space.

The Superintendent or designee may grant a transfer if extraordinary circumstances prevail. The Board may rescind the transfer at any time based upon financial conditions or other circumstances that would put the best interests of the district at risk.

All interdistrict transfers are subject to a valid release from the student's home school district.

While on an interdistrict transfer, students must maintain satisfactory academic performance, good attendance and behavior. Students who fail to meet these expectations may be disenrolled provided that both the student and parent/guardian have received prior written notification.

A child of an active military duty parent/guardian shall not be prohibited from transferring out of the district to a school district of choice if the other school district approves the application for transfer. [BP

3. Attendance Where Caregiver Resides:

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver's home. [EC 48204(a), 48980; FC 6550-6552]

4. Attendance in District Where Parent / Guardian is Employed:

The district may, but is not required to accept a transfer student whose parent/guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of the parent's/guardian's employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/guardian physically works within the boundaries of the school district for a minimum of 10 hours during the school week. [EC 48204(a)(7), 48980]

5. Special Enrollment Allowances for Some Categories of Students:

Some students living in the District, including foster, homeless, migratory, American Indian, or military children may stay enrolled in their school of origin inside or outside the district if: 1) their Individual Education Plan (IEP) indicates attendance elsewhere, or 2) parents, guardians, and others with authority declare in writing otherwise. In some cases, they also have rights to expedited enrollment in school, to attend classes and programs, to after-school programs, and to fee waivers. The school district and each school site have complete documentation of the rights of homeless, foster, migratory, military, and other special categories of students. [EC 48204, 48204.7, 48645.3, 48850-48859, 51225.1, 56055; 5 CCR 4622; WIC 224.1, 361, 726; 42 USC 11301, 11431-11435]

Student Immigrant and Religious Rights

All school age children must be admitted to California Public Schools and be offered all programs accessible to other students. School districts cannot ask about a student's immigrant or religious status. The state Attorney General has information about "know your rights": <https://oag.ca.gov/immigrant/resources>. Immigrant students are still considered residents of their current school district even if parents are deported or are being held in custody. [EC 200, 220, 234.1, 234.7]

≡ General Absences

Children cannot learn if they are not in school. Daily school attendance improves student achievement. Children learn early about being on time and not missing school; teach your child that school attendance is an important family value. Children ages 6 to 18 years must attend every school day.

The state only awards funding to school districts for actual attendance. The state does not fund districts for the excused absences listed below. Always review the school calendar and plan activities and vacations during days off. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

Other attendance reports, such as truancy, rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences are recorded as a truancy.

A. Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:

1. Due to the pupil's illness, including an absence for the benefit of the pupil's mental or behavioral health.
2. Due to quarantine under the direction of a county or city health officer.
3. For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
4. For the purpose of attending the funeral services or grieving the death of either a member of the pupil's immediate family, or of a person that is determined by the pupil's parent or guardian to be in such close association with the pupil as to be considered the pupil's immediate family, so long as the absence is not more than five days per incident.
5. For the purpose of jury duty in the manner provided for by law.
6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child, for which the school shall not require a note from a doctor.
7. For justifiable personal reasons, including, but not limited to, an attendance or appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at a religious retreat, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization, when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board of the school district.
8. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
9. For the purpose of spending time with a member of the pupil's immediate family who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
10. For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.
11. For the purpose of participating in a cultural ceremony or event.
12. (A) For the purpose of a middle school or high school pupil engaging in a civic or political event, as provided in subparagraph (B), provided that the pupil notifies the school ahead of the absence.

13. (A) For any of the purposes described in clauses (i) to (iii), inclusive, if an immediate family member of the pupil, or a person that is determined by the pupil's parent or guardian to be in such close association with the pupil as to be considered the pupil's immediate family, has died, so long as the absence is not more than three days per incident.
 - (i) To access services from a victim services organization or agency.
 - (ii) To access grief support services.
 - (iii) To participate in safety planning or to take other actions to increase the safety of the pupil or

an immediate family member of the pupil, or a person that is determined by the pupil's parent or guardian to be in such close association with the pupil as to be considered the pupil's immediate family, including, but not limited to, temporary or permanent relocation.

(B) Any absences beyond three days for the reasons described in subparagraph (A) shall be subject to the discretion of the school administrator, or their designee, pursuant to Section 48260.

- B. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. - C. For purposes of this section, attendance at religious retreats shall not exceed one schoolday per semester.
- D. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
- E. For purposes of this section, the following definitions apply:
 - 1. A "civic or political event" includes, but is not limited to, voting, poll working, strikes, public commenting, candidate speeches, political or civic forums, and town halls.
 - 2. "Cultural" means relating to the practices, habits, beliefs, and traditions of a certain group of people.
 - 3. "Immediate family" means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil.
 - 4. "Victim services organization or agency" has the same meaning as defined in paragraph (7) of subdivision (g) of Section 230.1 of the Labor Code. [EC 48205, 48260; LC 230.1]

Districts may allow students, with parental or guardian consent, to be excused to participate in moral or religious exercises or instruction. [EC 46014]

School authorities may excuse any student in grades 7 through 12 from school for the purpose of obtaining confidential medical services without the consent of the pupil's parent or guardian. [EC 46010.1]

≡ **Minimum Days/Pupil Free Staff Development Days**

If your child will be affected by minimum days or staff development days, we will give you at least one month's notice. The dates that were known at press time are printed in the calendar in this booklet. [EC 48980]

≡ **Leaving School at Lunchtime**

The Sunnyvale School Board has established a closed campus policy at all sites. Students may not leave campus at any time during the school day. This is for the security of the campus and to protect your student's health, safety, and welfare. Please cooperate by not requesting permission for your student to leave campus during the school day. [EC 44808.5]

≡ **Individualized Instruction**

You must notify the school if your child has a temporary disability and cannot attend in a regular classroom. If your temporarily disabled child is located outside your school district, notify both the district

where your child resides and the district where the child is located. Within five (5) days of notice, the district(s) will determine if the student qualifies; within five (5) days of the determination shall commence instruction in the home or in a hospital or other residential health facility. The district(s) will notify you if your child qualifies, when instruction will begin, and for how long it will continue. Each hour of instruction at home or in a facility will count as a full day but cannot exceed 5 days per week nor the number of days in the school year. There are accommodations for pregnant or parenting students (see page 35 for more information). [EC 46015, 48206.3, 48207, 48207.5, 48208, 48980]

Independent Study

It is imperative that your student attend school daily as lost classroom time is difficult to replace. However, in certain circumstances students may wish to be absent from their assigned school site, but continue to participate in their studies. In such cases you may request your student be placed on “Independent Study” (during which time they will be provided with a course of instruction to be completed away from school). To request Independent Study, you must fill out and return an Independent Study Contract.

Independent Study is available to students on a case-by-case basis considering the length of the absence, the student’s academic history, teacher availability, and other factors. Students who are not on Independent Study (and who are otherwise absent for an unexcused reason) will not receive attendance or coursework credit. Such students may also be considered truant. [EC 51745-51749.3]

Guidelines governing Independent Study

After school is in session, absences between 5 and 10 days can receive attendance credit unless they coincide with the end or beginning of a school year. Contracts will not be issued with dates beginning before September 15 or ending after June 1. Days of attendance credit may be across school holidays as long as the school days are consecutive and do not exceed the total number of days approved on the Independent Study Contract. A student may not exceed 10 Independent Study days per school year unless the student qualifies for long term Independent Study. Long term independent study is available for specialized cases (such as health issues) and requires approval of both the principal and Director of Student Services and Supports.

1. Independent Study is a signed contract between student, parent/guardian, and the school district.
2. The principal may use their discretion to approve or deny a contract.
3. Your child’s teachers and the school office staff must be notified at least 5 school days before the requested start date of the Independent Studies to gather homework assignments and prepare the Independent Study contract.
4. Each contract is limited to a minimum of 5 days and a maximum of 10 school day. If the end of the contract period passes without work being returned to the school by a child or parent, the contract is void. Void contracts can affect future independent contracts being granted.
5. A student on an Independent Study contract may turn in homework prior to, but no later than the due date on the contract. Homework may be turned in early for appropriate credit, but late work is not accepted.
6. Teachers require a minimum of one week to evaluate work with appropriate credit of 1 to 10 days of attendance credit depending on the work returned.
7. A student with disabilities, as defined in Education Code section 56026, is not eligible for Independent Study unless their Individualized Education Program team makes the decision that they can receive FAPE in the Independent Studies setting. [EC 51745]

8. Schools cannot save spaces; if a contract due date is missed and the student has not returned to school they may lose their classroom placement if there are resident students on a waiting list ready to fill openings. Upon returning, the student may be administratively placed in another school if there is no longer available space in their grade when they return. Students who are ill on their return date (and can provide a doctor's excusal note) may have a parent/guardian turn in assignments to the school on or before the end of the contract expiration date in order to meet the contract deadline. School work approved by the teacher for content (but turned in after the due date) may be given academic credit, but not attendance credit, and can negatively affect future contract requests.

≡ Unexcused Absences (truancy)

When a student misses school without an excuse they are considered truant, and the school will notify the parent/guardian. The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. A student is classified as;

Truant: after missing three days of school or three 30-minute periods without a valid excuse

Habitual Truant: if they are truant three or more times in a school year and an effort is made to meet with parents

Chronic Truant: if they miss 10 percent or more of the school days in a school year.

Early intervention and cooperation between the school and the family is the best way to support student learning. A student who is truant can be referred to a student attendance review board (SARB), a community service program, the county probation department, or to the district attorney. Through these programs the student can be given guidance toward improving attendance. The goal is to intervene before a student enters the juvenile justice system or drops out of school. Parents are urged to use community services identified by the school or District, a SARB, the District Attorney, or Probation department. Students and parents face penalties as defined in Education Code, Welfare and Institutions Code, and Penal Code.

Parent Penalties: First conviction – up to \$100 fine; Second conviction – up to \$250 fine; Third conviction – up to \$500 fine. Parents of chronically truant elementary students face a fine up to \$2,000; imprisonment up to one year; or both. They may also be scheduled to meet regularly with district staff and/or referred to community resources. Parents may also have to attend classes at the student's school for a day and/or personally deliver their child to school every day. [EC 48260, 48260.5, 48261, 48262, 48263, 48263.5, 48263.6, 48264.5, 48291, 48293, 48320; PC 270.1, 830.1; WIC 256, 258, 601, 601.3]

≡ Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative

schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

INSTRUCTION, CURRICULUM, AND ASSESSMENTS

≡ Academic Standards and Assessments

Each district in California decides how they will teach and what resources they will use. More information can be found at www.cde.ca.gov/re/cc/. California uses a computer-based student testing system tied to the standards for English language arts, mathematics, and science called the California Assessment of Student Performance and Progress (CAASPP). The tests include the Smarter Balanced Assessment Consortium Assessments, California Science Tests (CAST), California Alternate Assessments (CAA), and Standards-based Tests in Spanish (STS) for Reading/Language Arts. Parents can exempt their child(ren) from CAASPP testing by submitting a letter in writing annually. More information about the CAASPP can be found at www.cde.ca.gov/ta/tg/ca/. [EC 60119, 60604, 60615, 60640; 5 CCR 852]

English Language Learners are evaluated with the English Language Proficiency Assessments for California (ELPAC) and to identify and measure their progress in English Language proficiency. Students in grades 5, 7, and 9 also participate in Physical Fitness Testing (PFT). [EC 52060, 52066, 60800]

≡ Local Control Funding and Accountability

The Local Control Funding Formula (LCFF) provides money to school districts with a uniform base grant for every student, adjusted by grade level. Districts also receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 45% and at 55% of the district's enrollment. More information about the LCFF is available at www.cde.ca.gov/fg/aa/lc/.

The Local Control Accountability Plan (LCAP) is a three-year plan that describes the goals, actions, services, and expenditures to support positive student outcomes that address state and local priorities. The LCAP provides an opportunity for local educational agencies (LEAs) to share their stories of how, what, and why programs and services are selected to meet their local needs.

The LCAP is intended to balance the needs of all educational partners, including parents, students, teachers, principals, administrators, other employees, employee associations, and stakeholders, while both streamlining engagement and condensing several preexisting plans. The LCAP must focus on eight areas identified as State priorities:

- | | | |
|--------------------------------------|-------------------------|-------------------------|
| 1. Basic Services | 3. Parental Involvement | 6. School Climate |
| 2. Implementation of State Standards | 4. Pupil Achievement | 7. Course Access |
| | 5. Pupil Engagement | 8. Other Pupil Outcomes |

The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve these goals. The plan will demonstrate how the district's budget will help achieve the goals, and annually assess how well the strategies improved outcomes. Anyone can bring or forward ideas or comment to the governing board on proposals or expenditures at parent or community engagement meetings. Complaints regarding the LCAP may be filed anonymously or using the District Uniform Complaint Procedures. [EC 305, 47606.5, 47607.3, 52060-52076; 5 CCR 4600, 4622]

School Plan for Student Achievement (SPSA)

The School Plan for Student Achievement (SPSA) is a document that represents a school's cycle of continuous improvement of student achievement. The annual process includes developing, reviewing, and updating the SPSA with a comprehensive review of data and the development of actions necessary to achieve school goals. The plan addresses funding and proposed expenditures related to state and federal categorical programs and is aligned to the district Local Control and Accountability Plan (LCAP). Each year, the School Site Council, English Learner Advisory Committee, and the local governing board approve the SPSA and the document is available on the school website.

≡ Language Acquisition Programs

Language acquisition programs are designed to ensure that English learners acquire English as rapidly and effectively as possible. They provide instruction based on the state-adopted academic content standards, including English language development (ELD) standards.

The District offers a Structured English Immersion program in which nearly all instruction is in English with curriculum and presentation designed for students who are English learners. [EC 305(a)(2), 306(c)(3)]

Parents/Guardians may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. Parents/Guardians may submit written or verbal requests for the establishment of a language acquisition program in addition to the program available. Schools in which the parents/guardians of 30 pupils or more per school or 20 pupils or more in any grade request a language acquisition program are required to offer such a program to the extent possible. Please contact the District office or your school principal for more information. [EC 306, 310; 5 CCR 11310]

Parents/Guardians have a right to opt their child(ren) out of the school district's language acquisition program or opt out of particular English learner service(s) within a language acquisition program. [20 USC 6312(e)(3)(A)(viii)]

≡ English Learners (EL) Identification and Support

Home Language Survey

The California Education Code contains legal requirements that direct schools to assess the English language proficiency of students. The process begins with determining the language(s) spoken in the home of each student. The responses to the home language survey will assist in determining if a student's proficiency in English should be tested. Although the home language survey is completed each time a family registers in a new California school district, the original home language survey is recorded in the California school database, California Longitudinal Pupil Achievement Data System (CALPADS), and is always the survey that is followed if the responses are different. Parents have the right to correct the home language survey one time in a student's career before the administration of the Initial English Language Proficiency Assessment (iELPAC), within the first 30 days of enrollment. We ask families to answer home language survey questions honestly because we want to make sure your child has access to specific supports and programs. For example, students could qualify for Summer Explorations Summer School, Kids Learning Afterschool (KLAS), tutorials, and/or interventions. For more information see Expanded Learning Opportunities section below and visit the California Department of Education website at www.cde.ca.gov/ta/cr/elforms.asp.

English Language Proficiency Assessment of California (ELPAC)

Initial ELPAC (iELPAC) – the required state test for English language proficiency that is given to students whose home language survey shows a language other than English as responses to questions one, two,

or three. If the only reported language other than English is the answer to question 4, the decision to administer the iELPAC is based on teacher and/or parent recommendation. The purpose of the iELPAC is to determine the English proficiency of students entering California schools for the first time, and is given only once in a student's educational experience. For more information visit the California Department of Education website at www.cde.ca.gov/ta/tg/ep/initialelpac.asp.

Summative ELPAC (SELPAC) – measures how well English learner students are progressing with English language development in each of the four domains: listening, speaking, reading and writing. The purpose of the SELPAC is to measure progress toward English proficiency and to help determine if a student is ready to be reclassified as English proficient. Students also must receive an overall SELPAC score of 4. For more information about reclassification see below and visit the California Department of Education website at www.cde.ca.gov/ta/tg/ep/summativeelpac.asp.

Alternative ELPAC – the Alternative Initial or Summative ELPAC measures the same English language development skills for students who have an Individualized Educational Plan (IEP) where this assessment is appropriate. Not all students with an IEP will take the Alternative ELPAC. Only 1% of a district's population of students with special needs are expected to be taking alternate assessments. A student's IEP team decides whether a student should be recommended for alternate assessments. Please see your child's case manager if you have further questions.

EL Program, Supports, and Services

Designated ELD (dELD) – in itself a curricular area, “a protected time during the regular school day when teachers use the California ELD standards as the focal standards in ways that build into and from content instruction.” (CA ELA/ELD framework, p.115) Accordingly, ELD is related, but distinct from other content areas such as English Language Arts (ELA) and, while using language as its primary matter, the foci and lenses are different. Designated ELD's primary target is the development of language and a variety of effective communication means for academic purposes (speaking, listening, writing, reading) as described by the progression in the ELD standards, with an intentional foregrounding of the needs of ELs in any given group. dELD does not exist in isolation from other content areas. On the contrary, in order to be relevant and cohesive, it feeds from themes and content from other subject areas in the multidisciplinary curriculum. In other words, dELD may address issues from ELA, Math, Social Studies, Physical Education, Art or Science, but the focus remains on how language practices support the accomplishments of academic tasks.

Integrated ELD – students also receive Integrated English Language Development (iELD) that is enmeshed in every content area, it complements (not replaces) the language instruction during dELD. Accordingly, educators employ both content specific standards and the ELD standards as companions in the process of designing, implementation, and assessment of outcomes in their lessons.

Language Review Team

Each year a team composed of an administrator, instructional coach, and teacher come together to discuss what the student is doing well in the four domains (listening, speaking, reading, writing), based on EL standards. As a team, they also plan for what interventions students need in order to develop in their ELA progress and growth. The team also discusses ways to continue to support each student and makes sure the student reclassifies as English proficient and exits from English Learner programs. These meetings occur 2 times per year.

Expanded Learning Opportunities

Sunnyvale Elementary School District provides additional instructional time and academic support in its summer school program. This program runs between June and July each academic year and is offered

through Summer Explorations Summer School. In addition, during the school year we have our KLAS afterschool program that has an emphasis in providing English Language support within different contents (English, STEAM (*Science, Technology, Engineering, Art, and Math*), Physical Exercise) that students engage within blocks of time.

Structured English Immersion Pathway

Most students in Sunnyvale and across the State of California are in Structured English Immersion (SEI) programs. In a SEI program, students receive designated and integrated ELD. Identified English learners will be placed in this pathway unless they opt/qualify for the pathway below. [EC 305(a)(2), 306(c)(3)]

Dual Language Immersion Pathway

Dual Language Immersion (DLI) is open to all students regardless of language background. Students may be dominant Spanish, English, or other language speakers and all benefit from a DLI program. Given the structure of this program, procedures including lottery and/or primary and target language screening will be in place to ensure equitable access to the pathway and keep a balanced proportion of English dominant, Spanish dominant, and multilingual students. Visit our Dual Language Immersion Program webpage for more information. [EC 306(c)(1)]

EL Notifications

Parents are notified annually of their child’s English Learner status. In addition, parents are sent Initial ELPAC results when their child takes this state assessment within the first 30 calendar days of starting school. This assessment occurs one time in the student’s school career. Students will also take the Summative ELPAC yearly until they exit out of the English Learner Program and services.

Reclassification Notification

Once a student is able to meet criteria one, two, and four listed in the table below, then a letter will be sent home to notify parents that the child is being recommended for reclassification for ELD. Once again, students must earn a score of 4 on Summative ELPAC. See below for more information. This is the culmination and expectation for the educational trajectory of any EL student in the district, and it is a reason for celebration for the family and the entire educational community.

Reclassification Criteria

The English learner (EL) reclassification criteria set forth in California Education Code remains unchanged and are available on the California Department of Education Reclassification web page at www.cde.ca.gov/sp/el/rd/. In order to reclassify students have to meet all four criteria. [EC 313]

Criterion 1:	<ul style="list-style-type: none">• Assessment of English Language Proficiency (ELP), using an objective assessment instrument, including, but not limited to the ELPAC. Across the state, students must score a Summative ELPAC Overall 4 is required. <p>— OR —</p> <ul style="list-style-type: none">• If taking the alternate ELPAC: English Language Proficiency Overall 3 is required.
---------------------	--

-
- Criterion 2:**
- Teacher Evaluation, including, but not limited to, a review of the student's curriculum mastery. The student demonstrates basic English proficiency comparable to English only peers in their current grade level (if student has IEP, comparable to EO peer with similar disability type).
 - Student meets report card requirements (3s or 4s; or students with IEP criteria) in all ELA strands (copy of report card attached)
- AND/OR —
- Student meets grade level writing sample requirements.
-
- Criterion 3:**
- Family opinion and consultation.
-
- Criterion 4:**
- Comparison of student performance in basic skills against an empirically established range of performance in basic skills of English proficient students of the same age. For Sunnyvale School District students this will be:
 - CAASPP (Grades 3rd – 8th: English Language Arts/Literacy score of Level 3 or Level 4; or CAA score of Level 3 or Level 2.
 - Local Reading/English Language Arts Assessment, examples NWEA
 - Reading, CORE Literacy Assessment, F&P BAS (Highly recommended to be on or close to grade level.)
 - For students who have IEP's and are eligible SANDI.
-

English Learner Advisory Committee (ELAC)

A school site with 21 or more English learners (ELs) must have a functioning ELAC that meets the following requirements:

- a. Parent members are elected by parents or guardians of ELs.
- b. Parents of ELs constitute at least the same percentage of the committee membership as their children represent the student body.
- c. The ELAC shall be responsible for assisting in the development of the schoolwide needs assessment and ways to make parents aware of the importance of regular school attendance.
- d. The ELAC shall advise the principal and staff in the development of a site plan for ELs and submit the plan to the school site council for consideration for inclusion in the School Plan for Student Achievement (SPSA).
- e. The ELAC receives training materials and training, planned in full consultation with committee members, to assist members in carrying out their legal responsibilities. [EC 52176(b), 62002.5; 5 CCR 11308]

District English Learner Advisory Committee (DELAC)

Each LEA with 51 or more English learners (ELs) must form a DELAC unless the district designates for this purpose a subcommittee of an existing districtwide advisory committee. Parents or guardians, or both, of pupils of limited English proficiency who are not employed by the district shall constitute a majority of the DELAC.

The DELAC shall advise the school district governing board on all of the following tasks:

- a. Development of an LEA master plan, including policies, per the State Board of Education (SBE) EL

Roadmap Policy, guiding consistent implementation of EL educational programs and services that takes into consideration the SPSAs.

- b. Conducting an LEA-wide needs assessment on a school-by-school basis.
- c. Establishment of LEA program, goals, and objectives for programs and services for ELs per the SBE-adopted EL Roadmap Policy.
- d. Development of a plan to ensure compliance with any applicable teacher and instructional aide requirements.
- e. Review and comment on the LEA's reclassification procedures.
- f. Review and comment on the written notifications required to be sent to parents and guardians.
- g. Under the local control funding formula, LEAs with at least 50 ELs and whose total enrollment includes at least 15 percent ELs must establish a DELAC, and that DELAC must carry out specific responsibilities related to the Local Control and Accountability Plan (LCAP), including providing input regarding the LEA's existing language acquisition programs and language programs, and, where possible, the establishment of other such programs. If the DELAC acts as the ELAC, the DELAC shall also review and comment on the development or annual update of the LCAP. [EC 52062(a)(2), 52063(b)(1), 52176(a), 62002.5; 5 CCR 11301, 11308]

≡ **School Counselors**

School counselors are trained educators possessing a valid credential with a specialization in pupil personnel services. Counselors help students make decisions about their courses. Counseling related to academic and nonacademic courses, classes, electives, school-related activities, team sports, athletic competitions, and school facilities will be available to all students without regard to their gender or gender identity, the gender listed in their records, or any protected group as listed under "Complaints Regarding Discrimination, Harassment, Intimidation, Bullying, Exceptional Needs Students, Categorical Programs, Federally Funded Programs" on page 54. The District Uniform Complaint Procedure may be used to file a complaint. [EC 221.5, 221.8, 48980, 49600, 48900, 51229; GC 11135; Title VI, Title IX; § 504; CIF 300D]

≡ **District Courses**

Annually the District prepares curriculum, course titles, aims, and descriptions in a prospectus. The prospectus is available at each school site and may be reproduced at cost. Parents/Guardians have the right to review all course material. [EC 49091.14, 51101; PPRA]

≡ **Curriculum and Personal Beliefs**

Whenever any part of the instruction in comprehensive sexual health, sexual abuse, or human trafficking prevention education conflicts with your religious training and beliefs or personal moral conviction, or those of your child, your child shall be excused from such instruction if you request an excuse in writing. No student shall be penalized, sanctioned, or disciplined for such an excuse, and shall have an alternative education activity available. [EC 51240, 51938, 51950]

Tests/Surveys on Personal Beliefs

You and/or your child(ren) over 18 will be notified before administration of any confidential test, questionnaire, or survey containing questions about your child's, or your personal beliefs, political practices, mental health, anti-social, illegal, self-incriminating, demeaning behavior, critical appraisals of others close to the family, about legally confidential relationships such as ministers or doctors, income (unless to determine eligibility for receiving financial assistance), sex, family life, morality, or religion. You will be asked

for written permission except for exempt surveys (in grades 7-12) that are part of sexual health programs or State surveys. Parents may opt their child(ren) out of all surveys, without penalty, including those seeking information to be used in marketing. Parents have the right to review any survey or educational materials related to the survey on any of the above items. The District has developed policies relating to surveys and personal information. Notice will be sent to parents prior to such test or survey. If you believe your rights have been violated, you may file a complaint with the Family Policy Compliance Office at U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920. [EC 51513, 51938, 60614; 60615; PPRA; 34 CFR 98; ESEA]

Dissection of Animals

If your child chooses not to participate in the dissection of animals, and if the teacher believes that an adequate alternative education project is possible, the teacher may work with the student to develop and agree upon an alternative education project for the purpose of providing your child an alternate avenue for obtaining the information required by the class. The school will need a signed note from you indicating your child's objection. [EC 32255-32255.6]

≡ Student Promotion / Acceleration / Retention

In general, students entering the district are placed in their age-appropriate grades, regardless of prior schooling. In some cases, students may be admitted, in accordance with district policies, into a subsequent or previous grade level at the discretion of the school administration.

To appeal a grade placement, the parent/guardian shall submit a written request to the site principal, specifying the reasons that an alternative grade placement is more appropriate. The appeal must be initiated within 10 school days of registration. For summer registrations, the appeal must be within the first 10 days of the start of the school year.

The principal shall be provided an opportunity to state orally and/or in writing the criteria on which his/her decision was based. Academic and social-emotional criteria will be used to make the most appropriate placement determination.

Within 30 days of receiving the request, the Superintendent or designee shall determine whether or not to overrule the decision. Prior to making this determination, the Superintendent or designee may meet with the parent/guardian and the principal. If the Superintendent or designee determines that the parent/guardian has overwhelmingly proven that the decision should be overruled, he/she shall overrule the decision.

If a student is identified as performing below the minimum standard for promotion to the next grade level based on the indicators specified in Board policy, the student shall be retained in his/her current grade level unless the student's regular classroom teacher determines, in writing, that retention is not the appropriate intervention for the student's academic deficiencies. This determination shall specify the reasons that retention is not appropriate for the student and shall include recommendations for interventions other than retention that, in the opinion of the teacher, are necessary to assist the student in attaining acceptable levels of academic achievement.

For students with special needs, their Individualized Education Program (IEP) will describe the conditions by which the students will take standardized tests and alternative classroom tests and assessments. The IEP establishes the plans to meet proficiency standards. An IEP team (Individualized Education Program under IDEA) meeting will be held for any student receiving special education services when considered for possible retention.

Special program students cannot be retained based solely on their disability or if they are “less than reasonably fluent” in English.

A decision to retain a student will only be considered after the following procedures have been followed:

- Holding a parent/guardian conferences
- A support and intervention plan has been developed
- Evidence that intervention/strategies have been implemented
- Follow-up meetings are held to determine progress or consider retention

[BP/AR 5123 March 2019; EC 48070.5]

≡ College and Career Planning Tools

Parents/Guardians now have direct access to online tools and resources that help them prepare their child(ren)’s path to college and a career. Student information can be shared directly throughout the college admission process. Individual student data from California Longitudinal Pupil Achievement Data System (CALPADS) is linked with the California College Guidance Initiative (CCGI). Tools such as www.CaliforniaColleges.edu can be used as early as sixth grade and through 12th grade. It also helps with scholarships and financial support through programs like the Student Aid Commission. [EC 60900.5; FERPA]

SCHOOL RECORDS AND STUDENT ACHIEVEMENT

≡ Pupil Records

Parents, guardians, foster parents, certain caregivers, and students over 18 have the right to review, inspect, and get copies of school records within five business days of a written or oral request or before any meeting regarding an individualized education plan (IEP) or a hearing. Those records are confidential, and privacy will be maintained. Student records are provided to schools where student transfers or wants to enroll. In some instances, information about your child may be released to District staff, foster agencies, short-term residential treatment programs, after school programs, summer camps, lawyers, law enforcement, state researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, and health information. The records are maintained at the school office by the office staff. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location as the records. District policy or administrative regulation 5125 sets forth the criteria by which school officials and employees can look and change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made for twenty-five cents (25¢) per page. If you cannot afford the cost of copies, they will be provided free of charge. With the proper documentation, the records can be changed to reflect a legal change of name and/or gender of a student or a former student. You also have the right to file a written request with the superintendent challenging the records if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer’s expertise, a comment not based on personal observation with time and date noted, misleading information, or a violation of privacy rights. You can file a complaint about how your request was handled with the district or with United States Department of Education. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can

be included in the student's record. [EC 8484.1, 49060, 49062.5, 49063, 49068, 49069.3, 49070-49079.7, 51101, 56043, 56504; CC 1798.24(t); FERPA; 20 USC 1232(g); 34 CFR Part 99]

Students of Military Families

For a smoother transition, the District has established guidelines for transferring credits and meeting graduation requirements of students from military families. Also students can be registered in their district of choice, but must provide proof of residency within 10 days. [EC 51225.1, 51225.2]

Student Data from Social Media Websites

School Districts may now adopt a plan to gather student information from social media websites. The Governing Board has not adopted such a plan, but may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

≡ Regulations Regarding Student Achievement

The Board of Education believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student's ability, citizenship and effort. [EC 49067]

≡ Teacher Qualifications

A provision of federal Title I requires all districts to notify parents of children in Title I schools that they have the right to request and receive timely information on the professional qualifications of classroom teachers and paraprofessionals including state qualifications, licensing for the grade level or subject taught, any waivers for qualifications, emergency provisions, college major, graduate degrees and subject, and if paraprofessionals or aides are in the classroom and what their qualifications are. [ESEA; 20 USC 6311; 34 CFR 200.48, 200.61]

≡ Release of Directory Information

The law allows schools to release "directory information" to certain persons or organizations including military recruiters. Directory information includes student's name, address, telephone number, email address, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous school attended. Directory information does not include citizenship status, immigration status, place of birth, or any other information indicating nationality. You may have the district withhold any of this information by submitting a request in writing by September 30th. Written notification received after the date specified will be honored, but the student's information may have been released in the interim. In the case of students with exceptional needs or who are homeless, no material can be released without parent or guardian consent. [EC 49061(c), 49070, 49073(c), 56515; FERPA; ESEA]

SCHOOL SAFETY

≡ Safe Place to Learn

It is State and District policy to improve student safety, connections between students and supportive adults, and connections between schools and communities. These policies prohibit discrimination, harassment, intimidation, and bullying at all school sites or at any school sponsored activity. School site staff

trained in anti-bias shall be made known to students. When safe to do so, District employees must intervene immediately when they see discrimination, harassment, intimidation or bullying. Certificated staff in grades 7-12 get information about helping LGBTQ students. Information about district programs and services and links to community and statewide resources related to: suicide prevention; sex discrimination including Title IX information; hate violence; sexual harassment including the District's Policy (also included in this booklet); harassment, intimidation, and bullying; and cyber-bullying including social-media bullying are available on the District's website at www.sesd.org/Page/5414 and online at www.cde.ca.gov, <https://calschls.org/about/the-surveys/>.

The District Uniform Complaint Procedure may be used to file a complaint. Contact the District Complaint Officer(s) listed on page 55 for assistance. [EC 200, 215, 220, 221.6, 221.61, 221.8, 230, 231.5, 233, 234, 234.1, 234.4, 234.5, 234.6, 51101, 66250, 66260.6, 66270; PC 422.55, 422.6; 5 CCR 4900; BP 5131.2 August 2018]

≡ Student Injuries During School Year

Your child(ren)'s school does not provide medical insurance coverage for school accidents. This means that you are responsible for your child(ren)'s medical bills if he/she gets hurt during school activities. Myers-Stevens offers student's accident insurance plans to help pay those bills. A brochure explaining coverage is being sent home with your child(ren).

Many coverage options are available. The Student Health Care and High Option 24 Hour Accident plans are especially recommended for those students with no other insurance because they provide the most help when injuries occur. Student Health Care covers illness as well as injury, twenty-four hour a day.

If your child does have other health coverage, student insurance may also be used to help those charges not covered by other insurance. If your child qualifies for Medicare, you must obtain from your school office a copy of the "Important Notice to Persons on Medicare" prior to applying for student insurance. Please review your brochure carefully. If you have questions or need help with your application, please call the plan administrator, Myers-Stevens, at (800) 827-4695. Bilingual representatives are available for parents who need assistance in Spanish.

≡ Student Safety in the Event of a Disaster

Evacuation: Activation Method: (Fire Alarm or Intercom Announcement)

1. Rescue anyone in imminent danger, if possible.
2. Follow fire routes posted in each room or EXIT signs to get outside.

7. Wait for “Attention Please, our campus is now on all clear,” instructions from your Principal or Site Incident Commander or Emergency Responders.
8. Changes in lock-down conditions will be given over the intercom.

Shelter-In-Place: Activation Method: (Intercom Announcement)

NOTE: A Shelter-in-Place is initiated when an incident is occurring off school property and requires police or fire response. In the event of a Shelter-in-Place, please:

1. Gather all students into the building.
2. Close all exterior windows and doors.
3. Instruction, class changes, and all normal INDOOR work activity may continue as scheduled unless otherwise directed via intercom announcements

During an earthquake, if you are outdoors: Stay clear of buildings, trees, or other falling hazard areas. Move to evacuation assembly areas. Follow directions of emergency personnel.

Hold-In-Place: Activation Method: (Intercom Announcement)

NOTE: A Hold-in-Place is initiated when an urgent incident or medical condition involving a student and/or staff where this response protocol is intended to shelter students from the incident location. In the event of a Hold-in-Place announcement, please:

1. Staff should efficiently move students away from the incident location by returning to their classroom or evacuating to another location/room in the school. Students may remain outside under supervision if the incident is inside the school.
2. Staff should scan hallway and move students, other occupants into the nearest room, and report these student(s) names to the office.
3. Instruction and all normal INDOOR work/activity may continue as scheduled unless otherwise directed via intercom announcements.
4. Remain at your location until an “ALL Clear” announcement.

≡ Transportation Safety Plan

Pursuant to legislation known as the Thomas Edward Lanni School Bus Safety Act of 1997, the “Scope of Transportation Services” found on page 30 of this booklet contains procedures for school personnel to follow to ensure the safe transport of pupils. [EC 39831.3; VC 22112]

≡ School Safety Plan

Every year, each school shall review and update its plan by March 1. Each school shall make its plan public and shall share the plan with numerous community leaders, school site personnel, and parent groups. Plans should, among other things, provide guidance for the response to and/or the prevention of bullying, child abuse, disasters, and criminal activity. Key elements are to be described in the School Accountability Report Card. Planned responses to criminal incidents need not be disclosed. The Uniform Complaint Procedure can be used regarding School Safety Plan compliance. [EC 32281, 32282.1, 32286, 32288, 32289, 51101]

≡ Campus Security and Use of Surveillance Cameras

The Sunnyvale School District is dedicated to creating and maintaining a safe, secure, and conducive learning environment for all students, staff, and visitors. To support this commitment, the Governing Board has implemented comprehensive campus security measures as outlined in Board Policy and Administrative Regulation. These measures are designed to protect district property, facilities, and equipment from vandalism and theft while ensuring the safety of everyone on school grounds.

Surveillance Cameras on School Grounds

To enhance campus security, the SSD has deployed surveillance cameras across various strategic locations. These locations include, but are not limited to, parking lots, perimeters, walkways, entrance and exit doors, interior hallways, large open interior spaces such as cafeterias, gymnasiums, and foyers, lunch areas, lobbies, and athletic fields.

Objectives of Surveillance Camera Use

The reasonable use of surveillance cameras aims to achieve the following objectives:

Deter Criminal Activities: The presence of surveillance cameras serves as a deterrent to potential vandalism, theft, and other criminal activities on school grounds and buses.

Monitor and Respond to Incidents: Surveillance cameras provide real-time monitoring capabilities, allowing school authorities to quickly respond to incidents and emergencies.

Support Disciplinary Actions: Recorded footage can be used as evidence in disciplinary proceedings for both students and staff, ensuring fair and accurate adjudication of incidents.

Enhance Safety Plans: Regular review and assessment of surveillance footage help in refining campus security procedures and safety plans.

Privacy and Ethical Use

No Concealed Cameras: All cameras are placed visibly, and no concealed cameras are used on school grounds to respect privacy rights.

Audio Recording Disabled: The audio recording capability of surveillance equipment is disabled to prevent eavesdropping and ensure compliance with privacy laws.

Notification and Signage: Clear signs are posted around school premises to inform students, staff, and

visitors about the use of surveillance cameras. Annual written notices are also provided to students and parents/guardians.

Access and Use of Recorded Footage

Restricted Viewing: Only authorized personnel, such as the Superintendent or designee, may view the recorded footage. Access is granted based on necessity and relevance to security concerns.

Student Records: Recorded images that identify students and are maintained by the district are considered student records and are handled in accordance with education laws and policies.

Personnel Records: Footage related to district employees may be treated as personnel records and will be managed as per applicable laws and district policies.

Destruction of Records

Surveillance recordings not preserved for student or personnel records, or law enforcement proceedings, will be destroyed every thirty (30) days to maintain data privacy and security.

By implementing these measures, Sunnyvale School District continues to enhance campus security and foster a safe educational environment for all. The integration of surveillance cameras both on school grounds and buses is a critical component of our comprehensive safety strategy, ensuring the well-being of our students and staff. For more detailed information on our campus security policies and procedures, please refer to [Board Policy 3515](#) and [Administrative Regulation 3515.16](#). [BP 3515 May 2023; AR 3515.16 June 2024; EC 49050-49051; PC 626-626.11; CA Constitution Article 1, Section 28; FERPA]

Safety Beyond School

There are several topics where school districts are either required or recommended to inform parents/guardians about student safety beyond school grounds, events, or activities.

Safe Gun Storage

Guns are now the third leading cause of death for children in this country. Over 80 percent of teens who commit suicide with a gun used one that belonged to someone in their home. Anyone who reasonably knows a child might access a firearm without permission, loaded or not, is criminally liable for where that firearm is taken, brandished, or how it is used. This includes all school facilities or activities, events, and public places. More Information about gun safety and the safe storage of firearms can be found at <https://oag.ca.gov/firearms/tips>. Those responsible for access to a firearm could lose the right to own a firearm for 10 years, face fines, imprisonment, and civil liability. When there is a threat of a homicide, school staff shall notify law enforcement. [EC 48980, 48986, 49390, 49391, 49392; PC 25000-25140]

Water Safety / Drowning Danger

Drowning is a leading cause of death and hospitalizations for California children ages 1 to 4, and one of the leading causes for youth up to 19 years old. Water safety and swimming education is very effective in helping to prevent drowning. The school or district may have information about where to enroll your child(ren) in these classes. [EC 51140; HSC 115920-115929]

Use of Synthetic or Counterfeit Drugs

Use of any drugs, including synthetic drugs such as fentanyl, that are not prescribed for you by your physician are potentially very dangerous. Fentanyl accounted for more than 80 percent of the drug-related deaths among youth in California in 2021. It is 50 times more potent than heroin, and 100 times more potent than morphine. Many counterfeit drugs are sold on the street as if they were known name-brand

or generic drugs; and many of them may contain fentanyl or other dangerous synthetic drugs. [EC 48980, 48985.5]

STUDENT SERVICES

≡ Student Meal Program

The District's Food Service Department serves breakfast and lunch daily to all students at no cost. Dinner is available at qualifying sites. We seek to ensure no child is denied meals regardless of allergies or dietary restrictions. Although meals are free for all students, we require parents to complete the district's household income form which can be found at www.sesd.org/page/5688.

The district participates in the following programs. Students who participate in these programs will not be identified, and will get meals for free. (All programs offered follow meal patterns and dietary specifications established by the USDA)

1. School Breakfast Program: Breakfast is served daily before the beginning of classes.
If your child is not able to eat breakfast, before school, they will have the opportunity to eat breakfast at our "second chance breakfast" which is usually offered mid-morning.
2. National School Lunch Program: The district provides students an OFFER VS SERVE (OVS) lunch menu. Students are offered the 5 components of a complete meal. They can bypass some of the food items offered but are required to take at least 3 meal components. This would be considered a complete meal. The goal of OVS is to reduce food waste while providing flexibility for students and the opportunity to skip over foods they do not intend to eat.
3. Child and Adult Care Food Programs/Snack Program: Schools participating in an afterschool program provide students with dinner and a snack.

Program Application

Families are required to complete the district's household income form that is provided each year in the welcome packet. This form collects family household income information which helps to determine funding for district programs. This Institution is an Equal Opportunity Provider.

Menus are Subject to Change; for current menu information visit www.sesd.org/page/5690. [EC 49510-49520, 49558; 42 USC 1761(a)]

≡ Student Use of Technology

The Governing Board intends that technological resources provided by the district be used in a safe and responsible manner in support of the instructional program and for the advancement of student learning. All students using these resources shall receive instruction in their proper and appropriate use.

Teachers, administrators, and/or library media specialists are expected to review the technological resources and online sites that will be used in the classroom or assigned to students in order to ensure that they are appropriate for the intended purpose and the age of the students.

The Superintendent or designee shall notify students and parents/guardians about authorized uses of district technology, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities in accordance with this board policy and the district's Acceptable Use Agreement.

District technology includes, but is not limited to, computers, the district's computer network including servers and wireless computer networking technology (wi-fi), the Internet, email, USB drives, wireless access points (routers), tablet computers, smartphones and smart devices, telephones, cellular telephones,

personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or off site or through district-owned or personally owned equipment or devices.

Before a student is authorized to use district technology, the student and his/her parent/guardian shall sign and return the Acceptable Use Agreement. In that agreement, the parent/guardian shall agree not to hold the district or any district staff responsible for the failure of any technology protection measures or user mistakes or negligence and shall agree to indemnify and hold harmless the district and district staff for any damages or costs incurred.

The district reserves the right to monitor student use of technology within the jurisdiction of the district without advance notice or consent. Students shall be informed that their use of district technology, including, but not limited to, computer files, email, text messages, instant messaging, and other electronic communications, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in use of the district technology. Students' personally owned devices shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

The Superintendent or designee may gather and maintain information pertaining directly to school safety or student safety from the social media activity of any district student in accordance with Education Code 49073.6 and BP/AR 5125 – Student Records.

Whenever a student is found to have violated board policy or the district's Acceptable Use Agreement, the principal or designee may cancel or limit a student's user privileges or increase supervision of the student's use of the district's equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and board policy.

The Superintendent or designee, with input from students and appropriate staff, shall regularly review and update procedures to enhance the safety and security of students using district technology and to help ensure that the district adapts to changing technologies and circumstances.

Internet Safety

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced.

To reinforce these measures, the Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors.

The district's Acceptable Use Agreement shall establish expectations for appropriate student conduct when using the Internet or other forms of electronic communication, including, but not limited to, prohibitions against:

1. Accessing, posting, submitting, publishing, or displaying harmful or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs
2. Intentionally uploading, downloading, or creating computer viruses and/or maliciously attempting to

harm or destroy district equipment or materials or manipulate the data of any other user, including so-called “hacking”

3. Distributing personal identification information, including the name, address, telephone number, Social Security number, or other personally identifiable information, of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting one’s own personal identification information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. [BP 6163.4 May 2020; EC 49073.6, 51006, 51007, 60044; PC 313, 502, 632, 653.2; 15 USC 6501-6506; 20 USC 7101-7122, 7131; 47 USC 47 USC 254; 16 CFR 16 CFR 312.1-312.12; 47 CFR 54.52]

☰ Scope of Transportation Services

Designated Safety Area round-trip transportation to/from home/school by Sunnyvale School District buses is provided as a courtesy at no cost, although not required by law, to all students who attend school sites within those designated areas listed below, of a student’s home school boundary. In addition, the district provides transportation service to all students whose home school grade level exceeds class size limitations and therefore must attend a school beyond their attendance boundary.

Sunnyvale School District has Administrative Regulation 3540 that designates Safety Areas across our district boundaries. The following Safety Zones will be provided transportation services as a courtesy to regular education and special education students that attend the following schools:

Safety Area 1: Vargas School and Sunnyvale Middle Schools – For those students who live between Evelyn Ave. and Maude Ave. and between the westernmost boundary to South Pastoria Avenue North of the railroad tracks.

Safety Area 2: Lakewood School – For those students who live north of Highway 101 between Mathilda Avenue and Fair Oaks Avenue.

Safety Area 3: Lakewood School – For those students that live South of Highway 101 from North Borregas Avenue to Fair Oaks Avenue.

Safety Area 4: San Miguel School – For those students who live east of Lawrence Expressway, North of Oakmead Parkway, West of Lakeway, and South of Highway 101.

Safety Area 5: Ellis Elementary School and Sunnyvale Middle School – For those students that live from North Fair Oaks Avenue and East to Bartlett Avenue, from Kifer Road North to California Avenue.

Safety Area 6: Ellis Elementary School and Sunnyvale Middle School – For those students that live on Reed Avenue East of Evelyn Avenue, on Evelyn Avenue North of Reed Avenue to Wolfe Road.

Safety Area 7: Columbia Middle School – North of 101, East of Fair Oaks Avenue.

Safety Area 8: Bishop Elementary School and Columbia Middle School – For those students who live East of Mathilda, North of Iowa Avenue, West of North Sunnyvale Avenue, and South of the railroad tracks. As well as, students residing in the apartments known as Ironworks Apartments located at 457 East Evelyn Avenue and 392 East Evelyn Avenue.

Transportation by district bus (large bus) and contractor bus (small bus) is also provided for special needs students who require transportation under their individualized education programs (“IEPs”). Those whose handicapping condition dictates the need for specialized equipment (for example wheelchair lift, seat belt/harness, vest) necessary for safe transport to and from school will generally be provided the contractor bus (small bus). Additionally, transportation will be provided to such students who attend programs that are located outside district boundaries.

School activity trips or field trips are considered an extension of the classroom, therefore, when available, district buses will be used. When district buses are not available, then an outside contractor that has been approved by the district transportation department will be arranged for, and secured, by the individual school site requesting the trip. Students with special needs requiring specialized transportation will be provided with such. All morning or a.m. pickup times reflect the time the bus leaves the stop. The district, therefore, advises that the student arrives at his or her assigned bus stop five (5) minutes before the bus is scheduled to leave. The afternoon or p.m. drop-off times are all approximate and can range up to fifteen (15) minutes before or after the scheduled time, due to unforeseen circumstances beyond the district’s control (for example illness of students and/or drivers, student disciplinary problems on the bus, or unusual or unexpected traffic conditions. The district makes every effort to deliver students on time, within reason, for purposes of safety and efficiency.

Buses will not wait for parents to pick up the students at bus stops. It is each parent’s responsibility to teach the student how to get home on his or her own, or to have some other contingency plan for when the parent cannot meet the student at the bus stop. Students refusing to walk home and/or to get off the bus because they have no parent present to pick them up; will be returned to their school of attendance at the end of the bus route (approximately 4:00 p.m.). The school site will then contact the student’s parents to notify them of this circumstance, and the need to pick up their student at the school site. To ensure the safe and efficient delivery of every bussing student we must strictly enforce this policy! If you have questions, please call Denise Walker at (408) 522-8200 ext. 1062.

Surveillance on School Buses

Cameras have been installed on our school buses as a measure to enhance our security protocols to transportation services, ensuring the safety of students during their time on our school buses. Video footage can and will be used in the event of safety or disciplinary review. This additional layer of safety is to help protect our students and drivers on a daily basis and to promote a safe and secure space for everyone on the bus. [BP 3515 May 2023; EC 35160, 39800-39860, 39839, 44808, 48900, 48918, 49060-49079, 49073-49079; 5 CCR 14103; 13 CCR 1200-1294; GC 7920.000-7930.215; CA Constitution Article 1, Section 28; FERPA]

Our Philosophy: Bus procedures & expectations of conduct

District philosophy is that all students can behave appropriately and safely while riding on a school bus. Inappropriate student behavior that interferes with the driver doing his/her job or preventing other students from having safe transportation is not tolerated.

Authority of Driver: Pupils transported in a school bus shall be under the authority of, and responsible directly to, the driver of the bus, and the driver shall be held responsible for the orderly conduct of the pupils while they are on the bus or being escorted across a street or highway. Continued disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reason for a pupil to be denied transportation. A bus driver shall not require any pupil to leave the bus en-route between home and school or other destinations. [5 CAC 14103]

District Bus Expectations

1. Follow the directions of the bus driver.
2. Keep hands, feet, and objects to yourself.
3. No eating, drinking or gum chewing. All food and/or drinks must be packed in a bag or backpack and not taken out on the bus.
4. Talk quietly to others sitting in your seat, no cell phone use while on the bus.
5. No teasing, harassing others, or unkind, vulgar, or obscene language.
6. Saving seats is not permitted.
7. Stay seated with your feet on the floor at all times.
8. No radios, skateboards, skates, scooters, balls, any object that will not fit into the student's lap, or any object the driver deems hazardous for transport will be allowed on the bus.
9. Do not litter.
10. Windows are to be kept at proper levels. (ask the driver)

What Happens When Policies Are Not Followed

1st Incident: Driver verbally warns student.

2nd Incident: Student receives citation; Student Services notifies the parent(s) of the infraction.

3rd Incident: Student receives citation; Student Services notifies the parent(s) of the infraction and the parent(s) sign(s) the citation.

4th Incident: Student receives a citation and is suspended from the bus for 3-5 days; Student Services notifies the parent(s) of the infraction.

5th Incident: For the fifth or severe incident student receives a citation and is suspended from the bus for a minimum of 5-10 days; the parent(s) is(are) to attend the conference with Student Services.

Severe Disruption

The following inappropriate behavior will result in automatic suspension of a minimum of five (5) days and could result in the termination of bus riding privileges:

1. Fighting (any students hitting each other)
2. Verbal abuse or profanity.
3. Direct disobedience of bus driver or supervisor.
4. Lighting matches or creating an open flame; smoking/vaping on the school bus.
5. Entering or exiting the bus through windows or emergency exit doors.
6. Vandalism or graffiti.
7. Student giving a false name.
8. Bringing weapons, or weapon-like replicas, onto the bus.

The Sunnyvale School District is committed to safe school campuses and buses to support a quality educational environment. Weapons of any kind, brought onto a school campus or school bus will result in immediate action by the school and the Board of Education.

It is in your child's interest that we work together in a relationship that provides safe transportation. Please feel free to call the Operations office at (408) 522-8225 if you have any questions.

1. Students who ride a school bus to school should go directly to the bus stop from home in the morning and report directly to their home from the bus stop in the afternoon. Students should not arrive at their designated bus stop location any earlier than 5 minutes prior to the scheduled pick up time. It is the parent responsibility to pick up students at the bus stop; drivers cannot wait for parent pickup.
2. Orderly behavior is expected at all bus stops. Students must wait for the school bus at the bus stop , where the driver can see the student, not in a car across the street or in a parking lot. Students should be

in an orderly line and never crowd or push another student. Students must remain 12 feet back from the approaching bus until the bus comes to a complete stop.

3. Throwing of items is not permitted at or around the bus stops by school students
4. State law does not permit live animals, insects, or any type of glass containers to be transported on a school bus. (Students should check with their bus driver concerning any large objects the day before bringing them).
5. While students are aboard a school bus or school pupil activity bus, they are directly responsible to the bus driver. The bus driver will supervise the loading and unloading of students from the bus. Students should remain in line until the bus has come to a complete stop, the door has opened, and the driver has signaled to load or unload the bus. Students are expected to load and unload the school bus or school pupil activity bus in an orderly, courteous manner
6. Students are expected to load and unload the school bus at their assigned designated stop at all times. Should parents find it necessary to have their child load or unload the bus at a different authorized stop, a note shall be submitted to the school principal who will present that information to the Transportation Lead. The Transportation Lead shall authorize this change and then update the driver. The bus driver will not permit a change without this authorization.
7. Upon boarding the school bus or school pupil activity bus, students shall enter one at a time, without pushing or shoving, and go quickly to their seats. They shall sit facing in a forward manner with their back against the seatbacks, and remain seated, and follow all bus rules until their destination has been reached. After the bus has come to a complete stop, the driver will indicate when it is safe to stand and unload the bus. If a student drops anything while loading or unloading the bus he/she should get the attention of the driver. Never go under or near the bus to retrieve objects since the driver may not see you.
8. The driver of a school bus shall operate warning lights and signs at all school bus stops when the school bus is stopped for the purpose of loading and/or unloading pupils, regardless of whether the pupils must cross the street or private road. Students shall use the official traffic control device (red, amber, green) to cross the street when the bus stop is in close proximity. If the signal light is not near the bus stop the driver shall ask at each stop if any pupil must cross the street that the bus is stopped on, then escort those pupils who must cross the street in front of the school bus.
9. Students shall wait for direction from the driver and shall not cross the street until directed to do so and shall cross between the driver and the bus. Students shall never run back to the bus or cross back over to get mail, etc. At no time will a driver permit a student to cross the street behind the bus.

Additional Procedures

In compliance with Education Code 39831.5, the following procedures shall be implemented:

1. Upon registration and every year thereafter posted online, a copy of this safety plan shall be provided to the parents or guardian of school bus riders.
2. At least once each year, all pupils who receive home-to-school transportation shall receive safety instruction that includes, but is not limited to, proper loading and unloading procedures, including escorting by the driver, proper passenger conduct, bus evacuation, and location of emergency equipment. Instruction also may include responsibilities of passengers seated next to an emergency exit. As part of the instruction, pupils shall evacuate the school bus through emergency exit doors.
3. Prior to departure on a school activity trip, all pupils riding on a school bus or school pupil activity bus shall receive safety instruction which includes, but is not limited to, location of emergency exits, and

location and use of emergency equipment. Instruction also may include responsibilities of passengers seated next to an emergency exit.

4. Special needs students riding District buses and using special equipment shall have the assistance of the Parent or Guardian when boarding the bus.

In compliance with Vehicle Code Section 22112, the following procedures shall be implemented:

1. On approach to a school bus stop, where pupils are loading or unloading from a school bus, the driver of the school bus shall activate the flashing amber and red signal lights at all times when the school bus is stopped for the purpose of loading and unloading pupils. The flashing red signal lights shall not be operated at any place where traffic is controlled by a traffic officer nor on school sites or on streets adjacent to school sites.
2. The driver shall stop to load or unload pupils only at a school bus stop designated for pupils by the school district or authorized for school activity trips.
3. When a school bus is stopped on a highway or private road that is not adjacent to a school for the purpose of loading or unloading pupils, at a location where traffic is not controlled by a traffic officer or official traffic control signal, the driver shall do all of the following:
 - 200 hundred feet prior to the bus stop the driver shall activate the flashing amber lights.
 - After coming to a complete stop, check carefully for approaching traffic in all directions and activate the flashing red light signal system when safe to do so.
 - Before opening the door, ensure that the flashing red signal lights are activated and that it is safe to enter or exit the school bus. Ask if there are any pupils that need to cross the street. Instruct and monitor students' safe entry or exit from the school bus.
 - Escort all pupils who need to cross the highway or private road. The driver shall use an approved hand-held "STOP" sign while escorting all pupils.
 - Require all pupils to walk in front of the bus as they cross the highway or private road.
4. Ensure that all pupils who need to cross the highway or private road have crossed safely, and that all other unloaded pupils and pedestrians are a safe distance from the bus and it is safe to move before setting the bus in motion. Except at a location where students are loading or unloading from a school bus and must cross a highway or private road upon which the school bus is stopped, the flashing red signal lights and stop signal arm requirements imposed by this section do not apply to a school bus driver at the following locations:
 - School bus loading zones on or adjacent to school grounds or during an activity trip, if the school bus is lawfully parked.
 - Where the bus is disabled due to mechanical breakdown.
 - Where students require assistance to board or leave the school bus
 - Where the roadway surface on which the bus is stopped is partially or completely covered by snow or ice and requiring traffic to stop would impose a safety hazard.
 - On a state highway with a posted speed limit of 55 miles on hour or higher where the school bus is completely off the main traveled portion of the highway.
 - Any location determined by a school district, with the approval of the Department of the Highway Patrol, to present a traffic or safety hazard

Note to all Parents, Guardians, and Visitors to Sunnyvale School District School Sites:

For the safety of all California Public School Students, pursuant to the California Vehicle Code, the law

requires the Sunnyvale School District to establish school bus only drop and pick up zones at each school site. These zones are for the use of Yellow School Busses only, and must be kept clear of all other traffic. Due to the increased usage of these marked zones by parents in private vehicles or others in service vehicles, School Buses are not able to use these safety zones. Ultimately it is the School Sites' responsibility and obligation to remind parents and others of the specific drop and pickup zones to be used at each site, and that the illegal use of marked School Bus and/or Red Curbed Zones is subject to citation by Sunnyvale Public Safety and/or the California Highway Patrol. Sunnyvale School District would like to take this opportunity to remind Parents, Guardians, and Visitors that safety is everyone's responsibility. We expect all of our visitors to comply with all traffic laws and use prudent safe behavior when you are at or near our school sites.

≡ **School Accountability Report Card**

The purpose of the School Accountability Report Card (SARC) is to provide parents and the community with important information about each public school. Sunnyvale School District provides this information annually by February 1st to the community to allow public comparison of schools for student achievement, environment, resources and demographics. The SARC is available in the front office of each school site and on the District website at www.sesd.org/page/742 and the school site websites. [EC 33126, 35256, 35258, 51101; ne]

≡ **Services to Students with Disabilities**

If you have reason to believe your child (ages 0 through 21 years) has a disability requiring special services or accommodations, contact the school. Your child will be evaluated to determine whether he/she is eligible for free special or modified instruction or services.

The District wants to locate, identify and assess all children with disabilities whether homeless, wards of the state, enrolled in public or private schools. The District has policies guiding procedures for identification and referral. Students identified with special needs will receive a Free Appropriate Public Education in the least restrictive environment. [EC 48853, 56020 et seq., 56040, 56301; 5 CCR 4622; 20 USC 1412, (10)(A)(ii), 1412(a)(6)(A); 34 CFR 300.121]

≡ **Married, Pregnant, or Parenting Students**

A student under 18 years old who entered a legal marriage has rights and privileges as if they were 18 years old, even if the marriage has been dissolved.

Pregnant or parenting students who are 18 years old or who have permission from their parent/guardian may, but are not required to take excused leave for up to eight weeks to protect the health of the student and the infant. More than eight weeks may be granted if it is deemed medically necessary. Certification from a physician or nurse practitioner that the student is able to participate in the regular education program may be required only if it is required for students returning from other temporary disabilities.

A parenting student may be excused for absences as listed under "General Absences" on page 10. They may also be excused as the custodial parent to care for a sick child. A note from a physician shall not be required for such an absence.

Accommodations

When necessary, the District shall provide accommodations for the student to access and participate in the educational program. Reasonable accommodations shall be provided to any lactating student to express breast milk, breastfeed, or any other breastfeeding related needs. These accommodations include, but are not limited to a private, secure room other than a restroom to express milk or breastfeed, and a reasonable amount of time to do so; permission to bring equipment for expressing milk onto campus, and access to

power to operate it; and a safe place to store expressed milk. There shall be no penalty for using these accommodations, and opportunity to make up any missed work shall be available.

Educational and Support Services

Pregnant or parenting students will not be required to complete schoolwork or other requirements while on leave. Time shall be provided to make up work without penalties.

These students may choose to return to the same school or choose to attend an alternative program with access to comparable courses, programs, and activities. Generally, a classroom setting is preferred unless an alternative will better meet the needs of the student and/or their child. Any alternative program offered specifically for pregnant or parenting students shall be comparable to that offered to other students, and participation shall be voluntary.

Childbirth, pregnancy, or related recovery will not in and of itself deny a student access to any educational program, course, or activity.

As possible, and sometimes in collaboration with community organizations or agencies, the District will provide services to pregnant and parenting students and their children. These services may include academic and personal counseling; supplemental instruction; parenting and life-skills education; childcare and development services; special nutrition and supplements for pregnant and/or lactating students; health care services; and tobacco, alcohol, or drug prevention/intervention. Where appropriate, staff shall get related professional development.

The District shall not treat students differently based on their actual or potential parental, family, or marital status on the basis of sex. Complaints related to pregnancy, marital status, parental status, or lactation accommodations can be made using the “Uniform Complaint Procedure” on page 55. [BP 5146 August 2017; EC 221.51, 222, 222.5, 230, 46015, 48200, 48205, 48980, 49553; 5 CCR 4600-4670, 4950; FC 7002; HSC 104460; 42 USC 1786; 7 CFR 246.1-246.28; 34 CFR 106.40]

≡ Pupil Fees

While there are limited exceptions, families and students should not have to pay fees for most items related to public education. There are four types of fees identified in Education Code:

Pupil Fees: No fees or deposits can be required or collected for items including, but not limited to, materials, supplies, equipment, uniforms (i.e. band, cheerleading, basketball), lockers, locks, books, class apparatus, musical instruments.

Educational Activity Fees: No fees can be required or collected for student participation in an event or activity, either curricular or extracurricular, that is an essential part of a student’s education or for transportation to those events. There can be no fees required for registering or participating in regular or extra classes.

Voluntary Donations: While voluntary donations may be suggested for activities, no student may be denied participation based on the family’s ability to make a donation.

Exceptions: When fees may be required: By law, there are exceptions to the prohibition against charging of fees or deposits. These exceptions include, but are not limited to, transportation to non-essential activities, non-essential events where attendance is optional (such as a school dance), food served to students, damage to district provided materials such as textbooks, cost of community service classes, and fingerprinting. Money may also be collected for material used for projects that a student will be taking home, such as, material used in a career class like woodshop or sewing. The Uniform Complaint Procedure can be used regarding pupil fee compliance. A complaint may be filed with the school principal, and may be filed anonymously. [EC 17551, 17552, 19911, 32030-32033, 32220-32224, 32390, 35330, 35331, 35335,

HEALTH SERVICES

≡ Student Wellness

Wellness has a direct impact on a student's learning and social development. There are laws and policies that support and protect student wellness.

Students are encouraged to drink water throughout the school day. They are allowed to bring and carry water bottles except in libraries, computer labs, science labs, or other places where it may be dangerous to have drinking water. [EC 38042]

Students can wear sun protective clothing when outdoors, including, but not limited to hats. Students may also apply sunscreen during the day without a doctor's note or prescription. [EC 35183.5, 35291]

Student Access to Mental Health Services

School-based mental health services help address barriers to learning and provide appropriate student and family support in a safe and supportive environment. Reaching out for mental health services is simple; contact your school counselor, nurse, health aide, principal, or the district office. In the community a good place to start may be Santa Clara County Behavioral Health, 828 South Bascom Ave, San Jose, CA 95128, (800) 704-0900. If you are in crisis contact this number or dial 911 immediately. [EC 49428]

Suicide Prevention

Suicide is a leading cause of death among youth, and school personnel is often in a position to recognize warning signs. The District makes an effort to reduce suicidal behavior and its impact and has developed strategies to intervene. These may include staff development, student instruction in coping skills, informing parents/guardians, methods for promoting a positive school climate, crisis intervention, and counseling (including for bereavement). Information about district programs and services and links to community and statewide resources are available on the District's website at www.sesd.org/domain/970. [BP 5141.52 November 2021; EC 215, 234.5, 234.6, 31180-32289, 49060-49079, 49602, 49604; GC 810-996.6; PC 11164-11174.3; WIC 5698, 5850-5883]

Tobacco-, Alcohol-, and Drug-Free Schools

The Board has adopted Tobacco-Free, Drug-Free, and Alcohol-Free campus policies to promote student health and well-being. The district has prevention and intervention programs. There may be programs through the district or in the community to support students' cessation from use of tobacco, alcohol, or drugs. For more information, please contact the school/district nurse or a school administrator. [EC 51202-51203, 51260-51269; HSC 104420, 11999-11999.3]

≡ Immunizations

Documented proof that immunizations are up-to-date is required before attending school; districts may not allow "conditional" admittance into schools. Students may not participate in a classroom setting unless they have been fully immunized against diphtheria, hepatitis b, haemophilus influenza type b, measles, mumps, pertussis (whooping cough), poliomyelitis, rubella, tetanus, and varicella (chickenpox).

All new students, advancing students, or students transferring into grades 7-12 must be fully immunized, and will not be admitted without the required booster against pertussis (Tdap) and two (2) doses of varicella (chickenpox) vaccine. The required immunizations are available through a usual source of medical care,

County Health Department, a school nurse, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school. There may be funds for those who cannot access services. Homeless, foster, migratory, and military youth can be enrolled without proof of immunization. [HSC 120325, 120335, 120338, 120375, 120400, 120405, 120410, 120415, 120440, 120480; EC 48216, 48852.7, 48853.5, 49403; 17 CCR 6000-6075; 42 USC 11432(C)(i); ne]

Parents/Guardians of students entering grade 6 are advised to follow current immunization guidelines, as recommended by the Centers for Disease Control and Prevention, the American Academy of Pediatrics, and the American Academy of Family Physicians, regarding immunization against human papillomavirus (HPV) before admission or advancement to grade 8. HPV vaccination can prevent over 90 percent of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the potential risks. [EC 48980.4; HSC 120336]

Exemptions

These requirements do not apply if a form from licensed physician cites why they should not. The physician submits the standardized electronic form directly to the California Immunization Registry (CAIR-ME) and to the school for exemption; this is the only form the school will accept. The form will include physician information, the child's name and their school, the parent's/guardian's name, and the specific basis for and duration of the exemption.

If an outbreak of a communicable disease occurs, a non-immunized student will be excluded from school for their own safety until such a time as directed by health officials or district administration.

Forms submitted prior to January 1, 2020 and exemptions based on beliefs opposed to immunization submitted prior to January 1, 2016 are valid until the pupil enrolls in the next grade span (through preschool, grades TK/K-6, grades 7-12). Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying your County Health Department. [HSC 120325, 120335, 120338, 120370, 120372, 120372.05; EC 48216]

Physical Examinations

Many things impact a child's ability to learn, to progress, and to succeed; including their health. There are required immunizations that may be given during a physical exam by a physician. Your child may qualify for Medi-Cal or other government programs. You can contact Medi-Cal for information at (800) 541-5555 or your county health department at:

Stanford Children's Health Specialty Services
1195 W Fremont Avenue, Sunnyvale, CA 94087
(408) 426-5590 www.stanfordchildrens.org

There are some screenings that may happen at school. If you do not want your child to have any, or all, of these screenings, give the school a written letter annually specifying which screenings you are denying consent for. If your child has had screenings outside of school, you may also submit a certificate verifying they have been done. When there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, they may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49450, 49451; HSC 124085, 124100, 12105; PPRA]

Vision and Hearing Screening

An authorized person will check your child's vision upon enrollment and in grades 2, 5, and 8 (unless they enroll into grade 4 or 7). Hearing tests will be conducted when your child is enrolled or first enters a District

school. You may submit a letter annually denying consent or a certificate from a physician or optometrist verifying prior testing has been done. [EC 44878, 49451, 49452, 49452.5, 49455]

Oral Health Assessment

Oral health is a part of a child's overall health; a child with cavities is not healthy, even if it is in a baby-tooth. A child with cavities may have problems paying attention and learning. They need their teeth to eat properly, talk, smile, and feel good about themselves. Parents/Guardians must submit, by May 31st of the child's first year of school (kindergarten or grade 1), proof that their child's oral health has been assessed within 12 months of the child starting school. The assessment must be done by a licensed dentist or licensed or registered dental health professional. [EC 49452.8]

Medication

Children may take medication, which is prescribed by a physician, received in its original container, and can get help from school personnel during the school day if:

1. The district designee has received a written statement from the physician detailing the medication name, method, amount, and time schedules by which the medication is to be taken; and
2. Parent, guardian, or caregiver annually submits a written statement asking the school district to assist their child in taking the medication or allow the student to self-administer certain medications. The statement gives permission to communicate with the health care provider or pharmacist, and acknowledges understanding of how the medication will be administered.

This includes allowing a school staff member to volunteer and be trained to identify the need for, and to administer epinephrine to a student for anaphylaxis; glucagon as prescribed for diabetes; or anti-seizure medication as prescribed to a student diagnosed with seizures, a seizure disorder, or epilepsy. Each school determines if it will have staff trained in the use and storage of auto-injectable epinephrine and/or anti-seizure medication. The District will have a supply of auto-injectable epinephrine at each school site. A school nurse or trained volunteer school employee may administer emergency naloxone hydrochloride or another opioid antagonist to persons suffering, or reasonably believed to be suffering, from an opioid overdose. [EC 49414, 49414.1, 49414.3, 49414.5, 49423, 49423.1, 49468.2, 49480]

Students may carry and self-administer a blood glucose level test, diabetes care, inhaled asthma medication, and auto-injectable epinephrine if the rules above are met and if a physician confirms in writing that the student is able to self-administer. The District does not allow parents to administer medical cannabis on campus. [BP 5141.21 January 2023; EC 49414, 49414.1, 49414.5, 49423, 49423.1, 49480; HSC 11362.79]

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken, the current dosage, and the name of the supervising physician. [EC 49480]

Guidelines to Use for Dropping Off Medication(s)

1. Confirm that the appropriate medication forms have been completed correctly:
 - The doctor's order needs to match the bottle description, dosage, and name.
 - The form must have a doctor's signature and date.
 - The form must have a parent's signature and date.
2. You can pick up forms from your child's school, or download them from the district website: www.sesd.org/Page/676

3. Medication(s):

- Needs to be in a labeled pharmacy bottle and labeled with the student's name, medication, and dosage matching the information on the permission form (see above).
- If it is a controlled substance, such as Ritalin, the pills have to be counted by the staff person who is accepting the bottle, with the parent present.
- After the pills are counted, the staff person accepting the pills needs to note on the medication log the number of pills, initial next to it and the parent initials it.
- All medications must be brought to the health office by the parent and checked in by a staff person by entering and signing it in on the student's medication check-in/ check-out sheet. Parent must co-sign for each medication that is being dropped off.
- At the end of the school year, all medications must be picked up by the parent from the health office and checked out by a staff person. Both the staff person and the parent must sign the medication check-in/ check-out sheet for each medication that is picked up. Any medication which is not claimed by a parent by the end of the school year will be disposed of.
- Even over-the-counter/non-prescription medication MUST be accompanied by a doctor's order and signature and parent signature.

≡ Use of Medical Equipment at School

To promote the health and safety of every person on campus, if your child needs to use medical equipment (wheelchair, crutches, knee scooter, etc.) at school, a doctor's note is required. The doctor's note should include: the duration of time the student will need to use the equipment, an explanation that the child has been taught how to use it, and provide recommendations if accommodations are needed, such as excuse from or modifications for PE, etc. The schools cannot provide medical equipment for your child to use at school. It must be supplied by your medical provider. Please see the guidelines above for medications, if your child needs any pain medication, even over the counter medication.

≡ Medical and Hospital Insurance for Students

The district DOES NOT provide insurance on individual students. However, you may purchase accident insurance through the district for medical and hospital services covering your child. The insurance provides coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the district; or while being transported by the district to and from school or other place of instruction; or while at any other place as an incident to school-sponsored activities. The school district assumes no liability for accidents to pupils at school. [EC 32221.5, 49471, 49472]

Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. [EC 32221.5]

Enrollment in a Health Care Plan

All children and their families must be enrolled in a health care plan. There are several options for getting a health plan; through an insurance agent, or low cost provider such as Medi-Cal and Covered California at

(800) 300-1506 or online at www.coveredca.com. You can get assistance applying for health care coverage for families in Santa Clara County by calling (877) 557-0093. [PPACA]

TTY Español: (800) 300-0213

School-Sponsored Athletics

If a student participates in school-sponsored athletics other than physical education or athletic event during the school day, parents/guardians and the student athlete are required to annually; (1) complete a concussion awareness form, (2) complete a sudden cardiac arrest awareness form, and (3) sign a document acknowledging receipt of an Opioid Factsheet received either in print or electronic format. [EC 33479, 49475, 49476]

Diabetes Information

Diabetes is a health condition that affects how the body turns food into energy. Most food is broken down into glucose (sugar). When sugar increases in your bloodstream, your pancreas releases insulin. Insulin acts like a key to let the sugar into your body's cells to use as energy. When there isn't enough insulin or when cells stop responding to insulin, too much sugar stays in your bloodstream. Over time, this can cause serious health problems such as heart disease, vision loss, and kidney disease. There is no cure for any type of diabetes.

For both types, managing weight, eating healthy food, being active, and getting enough rest can really help. Taking medicine as prescribed, getting diabetes self-management education and support, and keeping health care appointments can also reduce the negative impacts of diabetes.

Type-2 Diabetes:

Type-2 diabetes is when your body can't use the insulin it makes as well as it should. It is the most common form of diabetes in adults, and is becoming more common in children, especially overweight teens. It is estimated that one in three children born in the US after the year 2000 will develop type-2 diabetes.

Type-2 diabetes can be prevented or delayed through lifestyle changes and medical intervention, and it is treatable. Eating healthy foods in the correct amounts and exercising regularly (at least 60 minutes every day) can help children achieve or maintain a normal weight and normal blood glucose levels.

The first step is to visit a doctor who can determine if your child is overweight. A doctor can prescribe medication if appropriate and can order tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (may lead to full onset type-2 diabetes).

Type-1 Diabetes:

Type-1 diabetes is when your body simply doesn't make enough insulin. Type-1 diabetes is not preventable, but it is manageable. It is an autoimmune disease that may be caused by genetic, environmental, or other factors. It is usually first diagnosed in children or young adults, but it can occur at any age.

Risk Factors:

It is recommended that students displaying or possibly experiencing the risk factors and warning signs below see a doctor to be screened for type-1 and/or type-2 diabetes:

Being overweight: The single greatest risk factor for Type-2 diabetes is excess weight. In the US, almost

one out of every five children is overweight. Being overweight more than doubles a child's chance of developing diabetes.

Family history of diabetes: Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity: Being inactive further reduces the body's ability to respond to insulin.

Specific racial/ethnic groups: Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type-2 diabetes.

Age/Puberty: Type-1 diabetes usually occurs in the early years, and before reaching puberty. Type-2 diabetes is more likely to develop during or near puberty, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms:

There are usually warning signs when a child might have diabetes. Not everyone with diabetes develops these symptoms, and not everyone who has these symptoms necessarily has diabetes. Type-2 symptoms generally develop slowly over time. Type-1 symptoms show up quickly – in a matter of weeks or even days, and are much more severe.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular/No menstrual periods, and/or excess facial and body hair growth in girl
- High blood pressure or abnormal blood fats levels
- For type-1; Nausea, vomiting, and/or stomach pain

Parents/Guardians of children displaying warning signs should immediately consult with the student's primary care provider to determine if screening for diabetes is appropriate. Following a diabetes's diagnosis, parents/guardians should work with the primary care provider to develop a lifestyle and medical treatment plan, which may include consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist.

Diabetes Screening Tests:

Your doctor may have your child take one or more of the following blood tests to confirm the diagnosis:

Glycated hemoglobin (A1C) test: A blood test measures the average blood sugar level over two to three months

Random (non-fasting) blood sugar test: A blood sample is taken at a random time; this test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test: A blood sample is taken after an overnight fast; a high level on two separate tests indicates diabetes.

Oral glucose tolerance test: A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid.

If the primary care provider thinks your child has type-1 diabetes, blood may also be tested for autoantibodies (substances that indicate the body is attacking itself) that are often present in type-1

diabetes but not in type-2. The child's urine might be tested for ketones (produced when the body burns fat for energy), which may also indicate type-1 diabetes instead of type-2 diabetes.

More information can be found on these websites: California Department of Public Health, www.cdph.ca.gov; Centers for Disease Control and Prevention, www.cdc.gov/diabetes/; American Diabetes Association, <https://diabetes.org>.

The information provided in this booklet is intended to raise awareness about this disease. Contact your child's primary care provider, school nurse, or school administrator if you have questions. [EC 49452.6, 49452.7; HSC 104250]

≡ **Meningitis**

Meningococcal disease or Meningitis can be a life threatening infection that can be treated, but cannot always be cured. Routine vaccinations are recommended for 11-12 years olds, students entering high school and students living in college dorms. [HSC 120395-120399]

≡ **Fluoride Treatments**

Children are eligible for fluoride treatments through a program organized by the county health officer. Parents will get a record that the treatment was applied. The county health officer will determine how to pay for the program. Parents or a student 18 years old or more have the right to refuse this program using the form provided by the school district. STUDENT BEHAVIOR

All pupils have the right to participate fully in the educational process, free from discrimination, harassment, violence, intimidation, and bullying. Schools have an obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity and ensure safe school sites.

Students are encouraged to report anything they see or hear about that might be suspicious or dangerous to a teacher or other staff member. Any staff member that receives such a report will quickly take appropriate action, and the student's identity will remain confidential.

≡ **Eligibility for Extra-Curricular / Co-Curricular Activities**

To be eligible to participate in extracurricular and co-curricular activities, students in grades 7-8 must demonstrate satisfactory educational progress in the previous grading period, including, but not limited to maintenance of a minimum of 'Approaching Proficiency' in all enrolled classes.

Any decision regarding the eligibility of a homeless student, foster youth, or child of an active duty military family for extracurricular or co-curricular activities shall be made by the Superintendent or designee in accordance with Education Code 48850 and 49701.

The Superintendent or designee may revoke a student's eligibility for participation in extracurricular and co-curricular activities when the student's poor citizenship is serious enough to warrant loss of this privilege.

The District believes that every person deserves to be treated with dignity and respect in their interactions within our School Community. Civility has an impact on effective operations and on the creation of a safe and positive school climate for everyone.

While respecting every individual's right to free speech, that right does not allow for disruption of school classes, activities, meetings, or other events. Students, staff, parents, guardians, and the community are expected to be polite, courteous, respectful, and behave appropriately at all school or district activities and events. Practices that promote civil behavior include, but are not limited to, actively listening, giving full attention, not interrupting, welcoming and encouraging participation by everyone. Civility is hindered by disruptive behavior or speech, violence or the threat of violence, or harassment or bullying of any kind; these behaviors are prohibited and are subject to discipline according to law and District policies. The Board of Education expects teachers, counselors and school officials to contact the parent/guardian

Parents' or guardians' liability may be as much as \$25,000 in damages and another maximum of \$13,800 as adjusted annually by the California Department of Education for payment of a reward, if any. With a few exceptions, the school district may withhold the grades, diplomas, or transcripts of the student responsible until such damages are paid or the property returned or until completion of a voluntary work program in lieu of payment of money. If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities, or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child's classroom. Civil penalties may also be enforced with fines up to \$25,000. [EC 48900.1, 48904, 51101; CC 1714.1; GC 53069.5]

A student may be suspended or expelled for any acts that occur at any time related to school activity or attendance, including, but not limited to: while on school grounds, going to or coming from school, during lunch, whether on or off campus, and during or while going to or coming from a school-sponsored activity.

Administrators may also take appropriate disciplinary action when information becomes available about student misconduct which occurs off school grounds or outside of school activities, where the misconduct has a direct and detrimental effect on or seriously threatens the discipline, educational environment, safety or general welfare of students, faculty, staff and/or administrators of the district. In those cases, the peace officer will notify the parent or guardian. [EC 48906; PC 11165.6]

PROTECTIONS, COMPLAINTS AND PROCEDURES

The District is primarily responsible for compliance with local, state, and federal laws and regulations; has policies and procedures to address allegations of unlawful discrimination, harassment, intimidation, bullying, and complaints alleging violation of laws governing educational programs, activities, and pupil fees. Employees, students, parents or guardians, school and district advisory committee members, appropriate private school officials and other interested parties are advised of the district policies and how to file a complaint if they so desire.

≡ Nondiscrimination / Harassment

This policy shall apply to all acts constituting unlawful discrimination or harassment related to school activity or to school attendance occurring within a district school, to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school, and to all acts of the Governing Board and the Superintendent in enacting policies and procedures that govern the district.

The Board desires to provide a welcoming, safe, and supportive school environment that allows all students equal access to and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, medical condition, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also occurs when prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably

interfering with a student’s academic performance; or otherwise adversely affects a student’s educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

Because unlawful discrimination may occur when disciplining students, including suspension and expulsion, the Superintendent or designee shall ensure that staff enforce discipline rules fairly, consistently and in a non-discriminatory manner, as specified in Board Policy and Administrative Regulation 5144 – Discipline, Board Policy and Administrative Regulation 5144.1 – Suspension and Expulsion/Due Process, and Administrative Regulation 5144.2 – Suspension and Expulsion/Due Process (Students With Disabilities).

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students’ access to the educational program by publicizing the district’s nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. In addition, the Superintendent or designee shall post the district’s policies prohibiting discrimination, harassment, intimidation, and bullying and other required information on the district’s website in a manner that is easily accessible to parents/guardians and students, in accordance with law and the accompanying administrative regulation.

The Superintendent or designee shall provide training and/or information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community’s understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district’s nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district’s educational program. The Superintendent or designee shall report the findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

All allegations of unlawful discrimination in district programs and activities shall be brought, investigated, and resolved in accordance with Board Policy 1312.3 – Uniform Complaint Procedures.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools. [BP 5145.3 March 2024; EC 200-262.4, 48900.3, 48900.4, 48904, 48907, 48950, 48985, 49020-49023, 49060-49079, 51204.5, 51500, 51501, 60010, 60040-

Sexual Harassment

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages students who feel that they are being or have been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who have experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact their teacher, the principal, the district's Title IX Coordinator, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 5145.71 – Title IX Sexual Harassment Complaint Procedures or BP/AR 1312.3 – Uniform Complaint Procedures, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 5145.71 concurrently meets the requirements of BP/AR 1312.3.

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

The Superintendent or designee shall inform students and parents/guardians of the district's sexual harassment policy by disseminating it through parent/guardian notifications, publishing it on the district's website, and including it in student and staff handbooks. All district staff shall be trained regarding the policy.

Instruction / Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even when the alleged victim of the harassment has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and action shall be taken to respond to harassment, prevent recurrence, and address any continuing effect on students

6. Information about the district's procedures for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the district will implement supportive measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation

Disciplinary Actions

Upon completion of an investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

Record-Keeping

In accordance with law and district policies and regulations, the Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools. DISTRICT FACILITIES

≡ Healthy Schools Act Policy and Notification

It is the policy of the Sunnyvale School District to implement the Healthy Schools Act policies and procedures to control structural and landscape pests/weeds and minimize exposure of children, faculty, and staff to pesticides/herbicides.

It is the policy of the school district to control pests in the school environment. Pests such as cockroaches, fleas, fire ants, stinging wasps, termites and rodents are annoying and can disrupt the learning environment in schools. Pests are known to bite, sting, or transmit diseases, and may also cause allergic responses.

Pesticides/Herbicides

It is the policy of this school district to reduce exposure to pesticides and herbicides in the school environment. When pesticides or herbicides are used to control pests and weeds in schools, there is potential for human exposure. Excessive exposure may result in pesticide/herbicide poisoning or allergic responses in sensitive individuals. Children may be more susceptible to pesticides than adults due to their smaller size and rapid growth and development.

Health Schools Act of 2000

- Non-chemical prevention of pests and weeds is always preferred using such methods as sanitation, exclusion, and cultural practices.
- The selection and use of the least hazardous methods and materials effective for the control of targeted pests and weeds will be implemented.
- Precision targeting of pesticides and herbicides to areas not contacted by or accessible to the children, faculty and staff will be implemented.
- Application of pesticides/herbicides will only be used “as needed” to correct verified problems.
- All parents and staff will be notified annually in writing of the anticipated pesticide/herbicide products and applications to be regularly used throughout the school year. Parents may request in writing a separate written notice for each pesticide/herbicide application seventy-two hours prior to the anticipated application.

Warning signs will be posted at all entrances to the School District property twenty-four hours prior to regular pesticide/herbicide applications and will remain posted for seventy-two hours after the application.

Active ingredients of all pesticides/herbicides used by the School District may be obtained by written request to the Manager of Operations, Jeff Engel at 825 West Iowa Avenue, Sunnyvale, CA 94086 or jeff.engel@sesd.org, or by contacting the California Department of Pesticide Regulation, P.O. Box 4015, Sacramento, CA 95812-4015 or www.cdpr.ca.gov. [EC 17610.1, 17612, 48980; FAC 13184]

In the event of an “emergency” application of a pesticide to control a specific and documented problem, signs will be posted immediately and remain posted for seventy-two hours following the application procedure. The success of the Healthy Schools Act in schools is dependent upon the full cooperation of administrators, faculty, maintenance/custodial staff, parents, students and the community.

Only fully certified pesticides can be used on school grounds. The identification includes the name and active ingredients. The school’s Integrated Pest Management Plan (IPM) is updated by July 31st each year. The IPM, pesticide names and active ingredients, and application dates are posted on the school and/or district website at www.sesd.org/Page/4675. The Sunnyvale School District invites questions, concerns and suggestions from our parents, community, students and staff. All comments addressing the above noted policy should be addressed to: Jeff Engel at (408) 522-8225 or jeff.engel@sesd.org.

The Healthy Schools Act of 2000 requires all California School Districts to notify parents and guardians of pesticides/herbicides they expect to apply during the year. We intend to use the following pesticides/ herbicides in your school this year:

<u>Product Name</u>	<u>Active Ingredient(s)</u>
Arilon	Indoxacarb
FirstStrike soft bait	Difethialone
Maxforce Granular Bait . .	Hydamethylon
PreM Aqua Cap	Pendimethalin
Round Up Pro Max	Glyphosate, Potassium Salt

Asbestos-Containing Material / Surveillance and Re-Inspection

In compliance with the provisions of the Asbestos Hazard Emergency Response Act (AHERA), the district is required to issue notification to the users of its facilities with respect to the surveillance and maintenance program of all identified asbestos containing building materials in all district facilities. Sunnyvale School District continues to institute an asbestos maintenance and re-inspection program to ensure that the areas where asbestos containing materials are identified remains in an non-hazardous condition.

The district maintains an AHERA Management Plan for all district facilities. This Document is on file at the District’s Department of Operational Services. If you have any questions or concerns, or wish to review this document, you may do so by contacting the designated person, Travis Howell at (888) 808-2552 or travis.howell@sesd.org to arrange for an appointment. Sunnyvale School District is committed to maintain a safe, hazard-free environment for its school community. We will continue to keep you informed of the ongoing asbestos surveillance and maintenance program. [40 CFR 763.93]
