## PRINCIPAL CORNER

Dear Cumberland Families,

As we continue to grow together this school year, we want to highlight the Sunnyvale School District's Strategic Plan. Developed during a months-long process throughout the 2023-2024 school year, the Strategic Plan aims to align all educational partners with a shared vision, common goals, and unified direction for our District's educational efforts over a six-year period.

The plan is organized into six key focus areas, and the one we'd like to highlight this month is the "Portrait of a Learner." This vision shapes the educational experiences we provide at Cumberland, focusing on nurturing students who are curious, resilient, empathetic, and prepared to thrive in an ever-changing world.

Our goal is to cultivate:

- **Critical Thinkers & Effective Communicators** who express their thoughts clearly, embrace curiosity, explore diverse perspectives, and use digital and non-digital resources to solve problems.
- **Resilient Lifelong Learners** who take responsibility for their learning, approach challenges with a growth mindset, and persevere in mastering academic and life skills.
- **Healthy Minds & Bodies** by promoting emotional well-being, healthy lifestyle choices, and balanced relationships with technology.
- **Effective Collaborators in a Global Society** who act with empathy, appreciate diversity, and advocate for inclusive, environmentally-conscious communities.

To review the entire 4-Page Strategic Plan document, please visit our district website: [Strategic Plan](#).

This commitment aligns with the recent message from our Superintendent **reaffirming our unwavering dedication to creating safe, welcoming environments for every student**. Despite concerning federal messaging related to immigration policies and LGBTQIA+ rights, our District's policies remain unchanged. We are steadfast in our resolve to protect and support all students, regardless of immigration status, background, or personal identity.

Our schools are safe spaces where every student is valued. **We do not collect or share immigration status information, and we will not allow immigration enforcement officers on campus without proper legal documentation. Similarly, we stand firm against any form of discrimination, ensuring that all students—including our LGBTQIA+ community—feel seen, respected, and supported.** A reiteration of our

2024-2030 STRATEGIC PLAN

## ELECTRONIC DEVICES/CELL PHONES

Per the Sunnyvale School District Family Handbook (<https://www.sesd.org/Page/4575>), students are permitted to possess cell phones on campus, however, devices(s) must be turned off during the school day and not be visible. The District does not assume responsibility for lost or stolen items.

At Cumberland, in order to ensure a safe learning environment, students must adhere to the following rules regarding cell phone use:

- Cell phones must be turned off and cannot be visible on campus during the school day
- The school day includes, but is not limited to, class time, recess/lunch periods, during emergency drills, and field trips.
- Placing a cell phone on vibrate or texting is not considered off and is prohibited.
- Using a cell phone to audio or video record is prohibited.
- This applies to cell phones and all other personal electronic devices (smart watches, personal computers, tablets, iPods, portable speakers, audio or video players, etc.)

If caregivers need to contact a student during the school day, they are to contact the school office for assistance. If students need to use a phone during the school day, they must use a school phone, which is available to students with appropriate permission.

We utilize restorative practices and progressive discipline to support student behavior. Disciplinary action may include, but is not limited to, confiscation, parent contact and suspension. [EC 48901.5, 48901.7; ne]

NOTE: Students **can** wear their smart watches, but must have them in “School Mode,” for example.

There are many variations of smartwatches that we do not “police” every watch. The spirit of the policy is to limit/remove disruption to the learning environment and maintain safe environments with regards to privacy, so if/when a smartwatch is being used inappropriately at school, the school would respond with restorative practices and move to progressive discipline as warranted.
